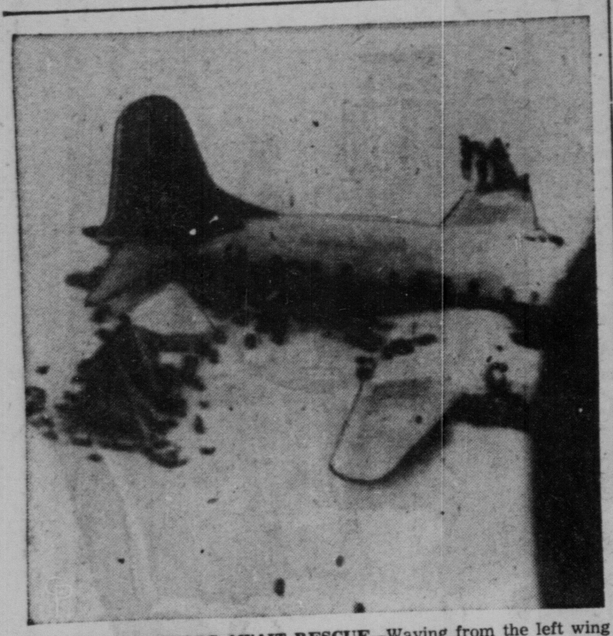
Nixon Retained On Republican Ticket



CRASH SURVIVORS AWAIT RESCUE—Waving from the left wing of their wrecked plane, three crew members await rescue by an American arctic flying boat after their Royal Air Force Hastings transport cracked up on an uncharted Greenland icecap. A flying boat has rescued three others of the 12 airmen who have been marooned there for a week.

IKE, NIXON REUNITE ON TICKET—In a dramatic reunion at the Wheeling, W. Va., airport, Gen. Dwight D. Eisenhower (right) warmly greets Senator Richard Nixon, his running mate, after one of the most sensational campaign developments in American political history. Nixon made a nine hour and 15 minute flight from Missoula, Mont., at Eisenhower's request to learn his political fate. Ike later told a cheering crowd in the city's stadium that Nixon will remain on the ticket.

Traffic Mishaps On Area Roads Leave 2 Injured

Lowellville Man, 42, Seriously Hurt In Route 62 Accident

Two persons were injured in two of the five area traffic mishaps investigated by State Highway Patrolmen Wednesday. Three drivers were cited by patrolmen for traffic violations.

James Erskine, 42, of RD 2, Lowellville, was seriously injured at 7:45 p.m. when he was struck by a car driven by Harry Ruhl, 67, of 831 S. Union Ave. as he was directing traffic around a truck parked in the berm of Route 62, just north of Salem.

He sustained lacerations of the scalp and possible fractures of both legs and was admitted to Salem City Hospital where his condition is reported "fair" today.

Patrolmen said Erskine was a member of a road crew patching the highway and that he may have been standing in the lane of the oncoming vehicle when he was struck. Patrolmen have not yet completed their investigation of the mishap. The driver was not held by the officers.

Columbiana Man Cited

Samuel Culp, 92, of Columbiana was cited by patrolmen for passing without the assured clear distance ahead following the mishap at 10:50 p.m. on Route 344, a mile east of Leetonia, in which his car struck the rear of a farm tractor operated by Arthur Wisler, 62, of RD 2, Leetonia.

Wisler was thrown to the ground by the impact. He sustained laceration of the scalp and left eye and brush burns of the forehead, and was treated by a Columbiana doctor.

Culp was fined $25 and costs on

Stevenson Is Silent On Ike, Nixon Talks; Plans Tour In Dixie

SPRINGFIELD, Ill. (AP) — Gov. Adlai E. Stevenson, silent on political funds and GOP "vindication" sessions, took a look today at Dixie campaign schedules and chances of patching up political troubles in the Southland.

Campaign maneuvers that will reach deep into Dixie were in the final planning stages at headquarters of the Democratic presidential nominee.

Stevenson aides told a reporter that through the middle weeks of October the Illinois governor will be jumping back and forth from his Springfield base to key spots both in the South and in the Midwest.

Sen. Russell Long of Louisiana, a staunch Stevenson supporter in a state where fires of rebellion are smouldering among some elements of the Democratic party, was an overnight lodger at the Illinois Executive Mansion.

Gov. Robert Kennon of Louisiana has deserted the Stevenson banner.

Gov. Allan Shivers of Texas is refusing to back the Democratic nominee too.

And the GOP is fanning hopes of splitting those two states, and perhaps more, from the usually Democratic South. The hopes are built partly on Democratic dissension, partly on the glowing reception given Republican presidential nominee Dwight D. Eisenhower on an early September expedition into Dixie.

As a result, Democratic campaign sorties into the South are coming up in the next round of political skirmishing.

But of more immediate concern to Stevenson are a foray into Indiana and Kentucky on Friday and Saturday, a major television-radio speech in Chicago Monday and fly-

Ike, Senator Hold Reunion In Wheeling

National Committee Votes 107 - 0 To Keep Nixon In Race

ABOARD EISENHOWER SPECIAL (AP) — Gen. Dwight D. Eisenhower and Sen. Richard M. Nixon marched side by side back to the political wars today after a dramatically tearful reunion in Wheeling, W. Va.

Although Eisenhower took on a heavy whistle stop schedule in West Virginia and Maryland, and Nixon flew west to Salt Lake City, they were teamed solidly by a 107 to 0 vote of confidence by the Republican National Committee in the vice presidential nominee.

Washed out were any doubts that might have been in the mind of Eisenhower, the GOP presidential standard bearer, whether Nixon's acceptance of more than $18,000 in privately-raised expense funds from wealthy Californians should count him out as a candidate.

Speaks For Nixon

Standing before a shivering crowd of about 7,000 persons which failed to fill the flood-lighted Wheeling Municipal Stadium, Eisenhower testified for his running mate last night in these words:

"Ladies and gentlemen, my colleague in this political campaign has been subjected to a very unfair and vicious attack.

'So far as I am concerned, he has not only vindicated himself but I feel that he has acted as a man of courage and honor and, so far as I am concerned, stands higher than ever before."

Nixon replied:

"I went before a great number of my fellow Americans and laid before them a case, a case which some of them I knew honestly mis-

Hays Answerable For His Record, Wetzel Declares

A congressman's record is answerable to the people of his district, Republican Congressional Nominee Clarence L. Wetzel of Lisbon pointed out today in replying to his Democratic opponent, Wayne L. Hays of Flushing, who charged here Sunday that Wetzel was conducting a mud-slinging campaign.

Hays spoke at a county CIO institute.

Wetzel, in firing back at Hays, declared that "my opponent has accused me of slinging mud to discredit him. I have definitely stated what appears in the record that my opponent himself made in Washington."

Cites Absenteeism

Wetzel said Hays has missed 30 per cent of the roll calls, and "I believe the taxpayers are entitled to a job that is better than 70 per cent. I asked him what he has done for the 18th Congressional District when he has not been able in 3½ years to ever get a public bill out of committee."

"I have asked him what he has done with reference to flood control in the 18th District when there has been $1,258,000,000.00 appropriated for flood control during his sojourn in the Congress, out of which he has received not a dime, and surely Belmont and Jefferson counties are badly in need of flood control help.

"I have asked him since he loves the boys in Korea, that he thinks should be kept there, why on Jan. 15 of this year he denied a vote to increase their pay 10 per cent. I have asked him why on May 16 of this year he denied the vote for an increase for the old people who are now living on Social Security which would have increased them $5 per month, and I have asked him why on Sept. 17 of 1951, when the vote was being taken for veterans of World War I who are totally disabled, when they were asking for an increase in pension, why he failed to even be recorded as voting. This is all in my opponent's record. If he wants to call this mud-slinging, that is exactly what I am doing, and I am going to continue on his record.

"I am further asking my opponent whether or not he told the Columbiana County Council CIO on the night of Sept. 21 why he had eulogized United States Senator Ro-

Ike Says Room For All In GOP

Refers To Attacks On McCarthy, Jenner

WHEELING, W. Va. (AP)—Dwight D. Eisenhower says the Republican party embraces the entire membership regardless of whether individuals agree with all of his ideas.

In an address last night the GOP presidential nominee said the Democrats were trying to "most generously advise me which senators I should work with and which I should disown."

Mentioning no names, Eisenhower obviously was referring to Democratic attacks on Sen. Joseph R. McCarthy of Wisconsin and Sen. William E. Jenner of Indiana, both of whom are seeking re-election.

"Membership in our party," Eisenhower said, 'does not necessarily mean mutual agreement or approval other than on basic objectives and principles."

"To hear them (Democrats) talk," the general added, "you would think the Republican party was something I invented and they own — that they can dictate to me as a course of action and Republican candidates will fall in line.

"If we are to bring new vigor and new ideas into our free government, we must draw upon the energy and intelligence of all those who are joined with us. This drawing together in our cause of the best of the many lies at the heart of the forward movement of the Republican party."

Eisenhower said he welcomes into his "crusade" all of those who "share a common repugnance to the mess in Washington."

The Democrats have cited assertions by McCarthy that Gen. George C. Marshall had taken part in a "conspiracy" against his country, and Jenner's statement that Marshall was a "front for traitors."

Eisenhower has vigorously defended the patriotism of Marshall, an old friend and Army mentor.

The Republican nominee said the Democrats have tried to divide the people into classes and economic blocs and set them one against the other "for political exploitation."

On the subject of discrimination, he urged a 'true equality of opportunity for all men.'

"I have no patience with the idea of second-class citizenship," he said.

"Vigorous action, including legislation at local levels," he said, can do much — with federal machinery set up to "determine the facts of discrimination and hold these facts up for all the people to see."

He called for abolishment of segregation in Washington and 'such . . . as still remains in the armed forces."

Caudle Blames Mink Troubles On Horse Named Uncle Edgar

WASHINGTON (AP)—It's a bright day at Jamaica Race Track, and the assistant attorney general and his wife are there from Washington not knowing the trouble it means.

They go to the track, says T. Lamar Caudle, because a handicapper named Col. Hallow asked them and he is a "very able handicapper."

We're sitting there taking in the story like it happened yesterday instead of three years ago, before President Truman lets Caudle go for picking up outside activities.

And a House judiciary subcommittee is taking it all in too, like they expect to learn something about race tracks and particularly about Jamaica, which is very hard indeed to crack with a nice safe bet.

"If I was a federal official," says Caudle, rubbing his ear, "I would never go to another race track. Some writer said it was unjudicial for me to go to a race track." He stops and chuckles.

"We went".

He says: "The colonel said they had a sorry bunch of horses running that day, but one horse in the seventh race was all right. And he gave us the daily double and thought it would win.

"He said they were sorry, trifling horses. We bet on the thing and the daily double came in and it paid about $23 for a $2 bet.

"Then we sat there and did not bet any more and then about that time the seventh race came up."

Caudle is thinking of that day like it was brighter than some he's known and a smile sits on his face with satisfaction.

"The colonel said: 'Now, Lamar, here is the best horse in the race.'

"The horse was named Uncle Edgar."

Caudle chuckles and says, "I wondered who that horse was named after. It may have been named after the (FBI) director." (J. Edgar Hoover. Get it?)

Well, anyway, the colonel knows his business and tells Caudle to bet $30 on this horse but no more.

"Mrs. Caudle was waiting to get the name from me and Mrs. Caudle had the money that we carried with us, and on this daily double we won so much, so I slipped out and bet $90 on the horse, the most I ever bet on a horse.

"I found Mrs. Caudle slipped out and bet $30 on the same Uncle.

"We knew this horse was going to win," says Caudle. "and when the thing started, Uncle Edgar stumbled and almost fell on the ground, but he got up and was

Fee-Splitting Called 'Dishonest, Unethical' By Leading Surgeons

NEW YORK (AP)—The American College of Surgeons denounced fee-splitting between physicians and surgeons today as "dishonest and unethical" and harmful to patients.

Thirteen college officials told of a renewed drive against the doctor kick-backs in a frank news conference with science writers. One good weapon, they said, is to tell the public all the facts.

They said most doctors are honest, but a "few bad apples" split fees, giving medicine a black eye.

Some said the kick-back practice is widespread and growing in some areas. But it is hard to prove that any one is doing it. Twenty-three states have laws declaring it illegal.

Fee-splitting means a division of fee between the doctor who first diagnoses a patient's condition and the surgeon who operates on him.

It leads, the college officials said, to these evils:

Over-charging in bills; unnecessary operations; "ghost surgery" when a person thinks his own doctor is operating and the selected or "ghost" surgeon does it after the patient is anesthetized; loss of public confidence in doctors.

Dr. Alton Ochsner of New Orleans, immediate past president of the college, said you should be suspicious of fee-splitting if:

Your doctor sends you to only one surgeon and later you get no bill from the physician, just a bill from the surgeon.

Your doctor doesn't give you a choice of surgeons to do the operation he says is necessary or doesn't ask you whom you want to do it.

If you suspect fee-splitting, your recourse is to ask your county medical society to investigate. The societies have committees that do this.

Learn whether your hospital is approved and accredited by top medical organizations. The approved hospitals set up safeguards against kick-backs.

Four of the 13 surgeons, mostly members of the college's Board of Regents and Governors, agreed that "in certain areas, fee-splitting is widely practiced by a large percentage of physicians and surgeons."

Fee-splitting was rampant in Columbus, O., six years ago, the surgeons said. A Columbus surgical society was formed and it agreed that every surgeon would have his books and income tax returns inspected by an independent auditor. Fee-splitting was ended almost overnight, they said.

18 Reds Indicted For Conspiracy

2nd-String Leaders Arrested Sept. 17

WASHINGTON (AP) — Eighteen second-string Communist party leaders, rounded up by the FBI last week, have been indicted on charges of conspiring to advocate the overthrow of the United States government by force.

Federal grand juries yesterday returned indictments against seven in Seattle, Wash., and five in St. Louis, Mo. The six others were indicted in Detroit last Monday.

The action, announced by the Justice Department, charge violations of the Smith Act. This law prohibits the advocacy or teaching of the violent overthrow of the federal government. It provides penalties up to $10,000 fine, 10 years imprisonment, or both.

The 18 party functionaries were picked up Sept. 17 by the FBI in Midwest cities and on the West Coast. They are alleged to have inherited party leadership after the convictions two years ago of the highest Communist officials in this country.

Since it began moving against the party under the Smith Act in 1948, the government has obtained more than 80 indictments and has convicted more than a score of party leaders.

The 18 named in the indictments, the Justice Department said, include:

Seattle — Henry P. Huff, 58; William J. Pennock, 37; Karly Larsen, 47; Terry Pettus, 48; Paul Miller Bowen, 30; John Shields Daschbach, 38; Barbara Hartle, 44.

St. Louis — James Frederick Forest, 42; his wife Dorothy, 37; Marcus Alphonse Murphy, 44; William Sentner, 45; Robert Manewitz, 35.

Detroit — Saul L. Wellman, 38; Nathan Kaplan, 47; Thomas Dewitt Dennis Jr., 34; Philip Schatz, 38; William Allan, 45; Helen Mary Winter, 44.

All but one of the 18 are being held in lieu of bail, set variously at from $10,000 to $40,000 each. Pennock is at liberty after posting a $10,000 bail.

Strike Ends At Russell Co. In Columbiana

COLUMBIANA—Terms of settlement were agreed upon late Wednesday between officials of th F. C. Russell Co. and employes who have been on strike since Aug. 15.

Details of the settlement will not be made public until company officials and the committee of U. S. W. local 3790 get together and agree on a joint release. The original demand of the employes was for a wage increase of 26 cents per hour, with fringe benefits, including eight paid holidays a year instead of the present six.

The plant employs more than 300. About 50 supervisory employes have remained on duty. The company began calling in maintenance men today and aimed to get into production again sometime next week.

French Navy Gives Up Hope For Missing Sub, Crew Of 48

PARIS (AP) — The French Navy gave up hope today for the submarine Sibylle and her crew of 48, missing in the Mediterranean off the Riviera since yesterday morning.

A Navy spokesman said an official announcement of the loss would be issued as soon as notification was made to the relatives of the crew.

The spokesman's remarks came almost simultaneously with a report from the big Southern France naval base of Toulon that an oil slick had been reported in the area where the submarine submerged yesterday during maneuvers.

The Navy said the sub was believed to have gone down in waters 2,100 feet deep. Its rescue equipment, the Navy explained, could not operate below depths of 150 to 180 feet.

The Navy said the sub had enough oxygen aboard to last until early tomorrow morning.

The ministry spokesman said plane and ship patols would continue the seach.

The 1,000-ton sub failed to surface on schedule early yesterday after submerging in deep water off the Riviera Coast during naval maneuvers.

Chinese Shore Guns, British Ships Battle

HONG KONG (AP) — Two British warships and Communist shore batteries traded fire today after the Reds swarmed over a British-operated passenger vessel and forcibly removed two Chinese.

Commodore Harold G. Dickinson, Hong Kong naval chief, said the destroyer Consort and the frigate Mounts Bay returned fire on Red shore batteries after they were fired upon following the raid.

The passenger ship Takshing was raided about 3 a. m., some 10 miles east of Portuguese Macau in a channel of "normal international traffic."

Dickinson said the 1,900-ton Takshing was 5¼ miles west of British-held Lantao Island and 10 miles east of Macau when a gunboat and launch, "both flying the Chinese Communist flag," drew alongside.

Dickinson said the gunboat fired two bursts from a machine gun and one shell from a four-pounder at the Takshing, hitting her in the stern but inflicting no other damage.

He said the Reds then ordered the British vessel, skippered by Capt. J. B. McCaw, to proceed to nearby Red-held Lapsapmei Island, where Communist armed guards "forcibly removed" two Chinese passengers.

The Consort and Mounts Bay arrived at the scene at 6:55 a. m., as the Takshing was weighing anchor to continue to Macau.

Goldsby Sentenced To Life In Prison

CLEVELAND (AP) — Lawrence Goldsby, killer of a policeman and three passengers on a crowded bus, must spend the rest of his life in prison—without hope of pardon.

The jury gave this verdict today. The jurors had given up attempts to reach a decision Wednesday night after discussing his case for nine hours.

During the trial no one questioned that the 21-year-old drifter grabbed a gun from Patrolman Eugene D. Stinchcomb, 56, and killed the policeman and three passengers May 12 in a crowded bus.

He was charged only with killing Stinchcomb, a mounted patrolman called aboard the bus after a woman passenger complained Goldsby tried to set her hair afire. Killing a policeman on duty is first degree murder in Ohio.

Festival To Be Held By Salvation Army

Members of the Salem citadel of the Salvation Army have invited members of the board and the general public to their annual Harvest Festival Friday at 7:30 p.m. in the citadel. Lt. Donald Seiler, local officer, is arranging the event.

This service of thanksgiving is made possible through contributions made by district farmers and Salem merchants and is a benefit for both home and foreign missions aided by the Salvation Army.

Presenting an entertaining program will be members of the Akron citadel band, directed by Major Fletcher Agnew of Cleveland. Capt. Andrew Miller heads the Akron citadel.

The best representation of board members at any recent meeting attended the Wednesday luncheon session in the Lape Hotel. Charles Haldi was the presiding officer. The budget for the year was discussed.

Taft Stumps For Ike In Michigan

Following Believed Pulled To General

GRAND RAPIDS, Mich. (AP)—Sen. Robert A. Taft, having stumped the "little Taft-lands" of Michigan, was believed today to have pulled his personal following in this state into the Eisenhower-Nixon camp.

Taft criss-crossed the state about 700 airline miles yesterday to preach the theme that he and Eisenhower saw eye-to-eye on virtually all issues. Today he left for Wisconsin.

Making his first campaign swing since he climbed on the bandwagon of Dwight D. Eisenhower, Taft fired audiences in the Western Upper Peninsula and in Southwestern Michigan for the GOP national ticket. These areas sent Taft delegates to the Chicago National Convention and stuck to the Ohio senator to the end.

Taft spoke to about 4,000 persons yesterday.

Part of his tour was devoted to a defense of the Taft-Hartley Law, which is under heavy attack by President Truman and Gov. Adlai Stevenson.

The rest of the time he hammered the theme that excessive federal spending and heavy taxes are wrecking private enterprise, private incentive and liberty itself in the United States.

"I feel," Taft said, "that Gen. Eisenhower believes as I do that we are spending too much on the military and too much on foreign aid."

Addressing 1,500 persons at St. Joseph, Taft charged that Stevenson is "concealing what he really believes" when he advocates repeal of the Taft-Hartley Law.

He said that when Stevenson advocated presidential powers to seize struck plants in national emergencies, the Democratic nominee is actually endorsing anti-labor injunctions.

Stevenson has condemned the Taft-Hartley Act as being built around the injunction.

"Stevenson," Taft said, "indirectly advocates even more stringent labor controls than the Taft-Hartley Law, but he is afraid to say so."

Democratic attacks on the law, Taft said, are intended only to win support "of those union leaders whose arbitrary powers were somewhat limited by that law."

Korean War Enters 28th Month Today

SEOUL, Korea (AP) — The Korean War entered its 28th month today with ground and air action curtailed by chilly autumn rain.

Gen. Mark Clark spent the day conferring with his top commanders at a corps headquarters behind the front.

U. N. soldiers drove back several small Communist stabs along the muddy battlefront today. There were brief but brisk clashes near Bunker and Kelly Hills in the West and "Luke the Gook's Castle" in the East.

Foul weather sharply cut the pace of the Allied air offensive.

TV Dries Conventions, WCTU President Says

ST. LOUIS (AP)—Television is putting the nation's political conventions on the wagon, the president of the national Women's Christian Temperance Union said today.

"The Republican assembly (at Chicago in July) appeared almost bone dry," said Mrs. D. Leigh Colvin of Evanston, Ill. "The Democratic convention was slightly wetter."

"Drinking," Mrs. Colvin said, "obviously was confined to hotel rooms. But even this was reported at a minimum, because as one Texas delegate remarked, 'I never knew when television would show m all over Dallas.'"

Mrs. Colvin, in St. Louis for preconvention sessions of the WCTU's 78th annual meeting which opens tomorrow, said more political candidates this year are drinking fruit juices and soda pop for photographers.

"We hope they will stay as sober if and when elected," she said.

Swimming Pool Appeal

The municipal swimming pool project should appeal to all Salem district residents interested in the welfare of their children.

It should appeal to other citizens who realize that it is a God-given right for a child to play. Swimming is one of the most healthful forms of play or recreation.

It should appeal to every public-spirited person whose awareness of Salem's lack of proper recreational facilities makes him or her want to help correct a situation which has helped to retard the community's development. New industries, when considering a town for a factory site, always look into church, school and recreational facilities for their workers.

It should appeal to people beyond the confines of the city proper for they, too, will be able to make use of the proposed pool at Centennial Park.

It should appeal to everyone. Children, naturally, are for it 100 per cent, but despite the fact that they have raised funds on their own initiative, they are counting on the grown-ups (who once were children) to contribute heartily to reach the $75,000 goal which has been set for the pool.

A number of groups and individuals already have done their bit. How about you?

Labor And Its Leaders

Action of the American Federation of Labor in endorsing the Democratic presidential candidate merely follows the pattern. The leaders of labor have made their fight against the Taft-Hartley Act their one big issue in the campaign.

Gen. Eisenhower told the AFL convention frankly and courageously that he opposes repeal of this law although he thinks it should be amended. Gov. Stevenson, apparently changing his attitude considerably since the convention in Chicago, now advocates repeal and the drafting of a new law which will comply with the demands of the labor leaders.

The officers of both the AFL and the CIO want a return to something very like the Wagner Act which gave them a virtual dictatorship in labor-employer relations.

There is slim chance they will get it in spite of anything they may do in convention.

In the first place there is abundant proof in elections in Ohio and elsewhere that the labor hierarchy does not control the votes of the members, many of whom recognize in the Taft-Hartley law a strong defense of their own rights.

In the second place, even a Democratic victory in November would hold little promise of any radical change in the law. There are too many friends of the law in Congress on both sides of the floor to make repeal likely. A Democratic Congress under Truman couldn't do it. There is no reason to believe one under Stevenson would be more successful.

Able Ally Of The Schools

This is Parent-Teacher Association enrollment week. Every parent of a child in school is invited to join.

The schools have no stronger ally than the PTA groups found in almost every community in the country. Only the teachers play a larger part in the education of the nation's growing millions of children.

These are the aims of the PTA:

To awaken in all adults an awareness of their inescapable responsibility to children and youth; to assemble and relay all reliable knowledge on child growth and development; to strengthen family life; to enhance the educational oppotunities of every child in America; to produce an environment favorable to the growth of responsible citizenship.

To these high aims are devoted 7,219,165 PTA members in every state and territory. They represent parents of every class, creed, color and station in life.

Millions more should join them. Parents with a keen interest in the schools and a willingness to do something about improving the schools and educational opportunities are a powerful ally of the educational system and an assurance of its continuing improvement.

Reds Want Nicer Jails

Top Communist leaders arrested in Detroit don't like American jails and said so loudly in court. They complained they weren't warm enough, they objected to segregation and they kicked about the food.

The court didn't change the jail but it reduced their bonds to give them a chance to get out until the time of trial. Under bond, they will be free to go as they please, eat the food they want and return to comfortable homes.

Maybe they think conditions would be better in the Russia they admire so much. Until we hear that prisoners of the Reds are as well fed as well housed and treated with as much consideration as in this country there will be few tears over the plight of these Communist farthrow of this government.

Wonder what they would think of American jails if they could serve a stretch in the Siberian salt mine or a slave labor camp in Russia. We understand these are not very pleasant places, either.

Campaign Funds

By DAVID LAWRENCE

Not One, But All Cases Shou'd Be Studied

WASHINGTON

A plan to spend about $2,000,000 to influence the votes of members of Congress by rewarding them with financial support in their campaigns for re-election has been launched on a wide scale by two national labor organizations.

President Truman and Attorney General McGranery, who have begun making a study of the Dana Smith trust fund for Senator Nixon to see whether any laws have been violated, cannot in fairness fail to look also into all phases of the financial influence being exerted by other private organizations.

The issue is whether there is an intnt to influence or reward a member of Congress for voting in favor of or against specific items of legislation.

All the President and the attorney general have to do to discover a new field for study is to examine the statements made public by the CIO's Political Action Committee and by the AFL's League For Political Education, in which they now have filed with the clerk of the house of Representatives an accounting which shows that since January 1 of this year the CIO's group has spent $312,351 and the AFL's group has spent $119,148.

It has also been announced that each organization will raise a fund of about $1,000,000, or a total of $2,000,000, a large part of which will go to state and local campaign committees and hence does not need to be reported to the house of representativs.

—:—

AFTER NOTING THESE expenditures and plans to raise further sums, the President and the attorney general need only get copies of the lists of names issued by the AFL and the CIO stating in detail which members of the house and have voted against specific items of legislation desired by the two national labor organizations and a list of members of Congress who have voted against specific)items of legistlation desired by the same labor organizations.

Then the President and attorney general might read the list of contributions already made to the campaigns for the senate and house of those members who have voted as the two national labor organizations desired them to vote. Having done this, the President and the attorney general might take a look at the U.S. criminal code which says:

"Whoever shall promise, offer, or give, or cause to be promised, offered, or given, any money. . . . to any member of either house of Congress. . . during his continuance in office, or to any person with his consent, connivance, or concurrence, with intent to influence his action, vote, or decision, on any question, matter, cause, or proceeding which may at any time be pending in either house of congress, or before any committee thereof, or which by law or under the Constitution may be brought before him in his official capacity. . . . shall be fined not more than three times the amount of the money or value of the thing so promised, offered, given, made, or tendered, and imprisoned not more than three years."

There are similar provisions in the criminal code, forbidding a member of Congress to accept or agree to accept "directly or indirectly" any money "for his attention to, or services, or with the intent to have his action, vote, or decision influenced, on any question. . . which may be at any time be pending."

—:—

IS A CAMPAIGN contribution which is made to a senator's or congressman's own political committee or a committee active in connection with the campaign of a member of the house or senate a violation of the U.S. criminal code when it is associated specifically with votes already cast in Congress and the promises of members to continue their voting record of the past?

What would the American labor leaders say if some day a large corporation made public its satisfaction with the record of certain members of Congress on specific items of legislation—such as a vote for the Taft-Hartley Act—and if such a corporation publicly announced it was forming a political league to spend money to help reelect the members of Congress who had voted on particular bills as the corporation desired?

Rewarding a member of Congress with thousands of dollars of campaign money with intent to have him continue to vote as he has been voting on particular items of legislation is a matter of common knowledge. In the case of the Nixon fund, there is no evidence that any contributor of the 76 citizens in the group named a particular piece of legislation or conditioned his contribution on an assurance of a favorable vote for legislation desired.

Without any evidence of "intent" in relation to specific items of legislation, the President and the attorney general have caused the newspapers of the land to print statements that they are "studying" possible law violations in the Nixon case. It would be a constructive and salutary development and would remove any suspicion of abuse of high office by political persecution if the President and the attorney general now announced a study of palpable cases of influence of the votes of members of Congress as manifested by the extension to certain candidates for Congress of financial support in relation to specific votes recorded in Congress.

Wages, Profits and Prices

By SAM DAWSON

NEW YORK (AP)—Labor, management and the consumer are being drawn into another three-way dispute—wages vs profits vs prices. Which should get the benefit of increased productivity?

American industrial supremacy has been built on this boast when an American worker puts in an hour on the job he produces more than any other worker. That's productivity — or output per man hour — and it's gone up over the years, sometimes by fits and starts, and sometimes in one industry and sometimes in another.

The new battle shaping up is over how to divide the fruits of this increased output of goods per amount of human energy expended.

How much to labor in the form of yearly hikes in wages for increased output?

How much to industry in the form of profits and dividends for supplying the management and new machines and taking the risks?

And how much to the consuming public in the form of lower prices? With the cost of living at a record high, the public suspects it's low man on the totem pole.

Many companies are facing demands now for a built-in annual productivity increase in labor contracts. The Wage Stabilization Board was reported almost ready last June to set an over-all formula for such an increase — between two and three per cent for all industries. It ran into congressional opposition and is now rumored about ready to junk the idea.

But "productivity as a wage determinant is here to stay,' according to a 96-page study issued today by the management consulting firm, Fisher, Rudge & Neblett of New York and Los Angeles. It says companies had better find out quickly, if they can, what the productivity increase rate is in their industry and be ready to negotiate.

The trouble is, as the National Industrial Conference Board points out, that there are no official productivity figures for manufacturing as a whole. The U. S. Bureau of Labor Statistics has estimates for 1939 to 1950 for about 20 industries. From these it figures that the average gain in output for hour worked is around two per cent a year.

The conference board, making tentative estimates of its own for all manufacturing between 1939 and 1949 show output per man hour gained an average of 1.4 per cent a year.

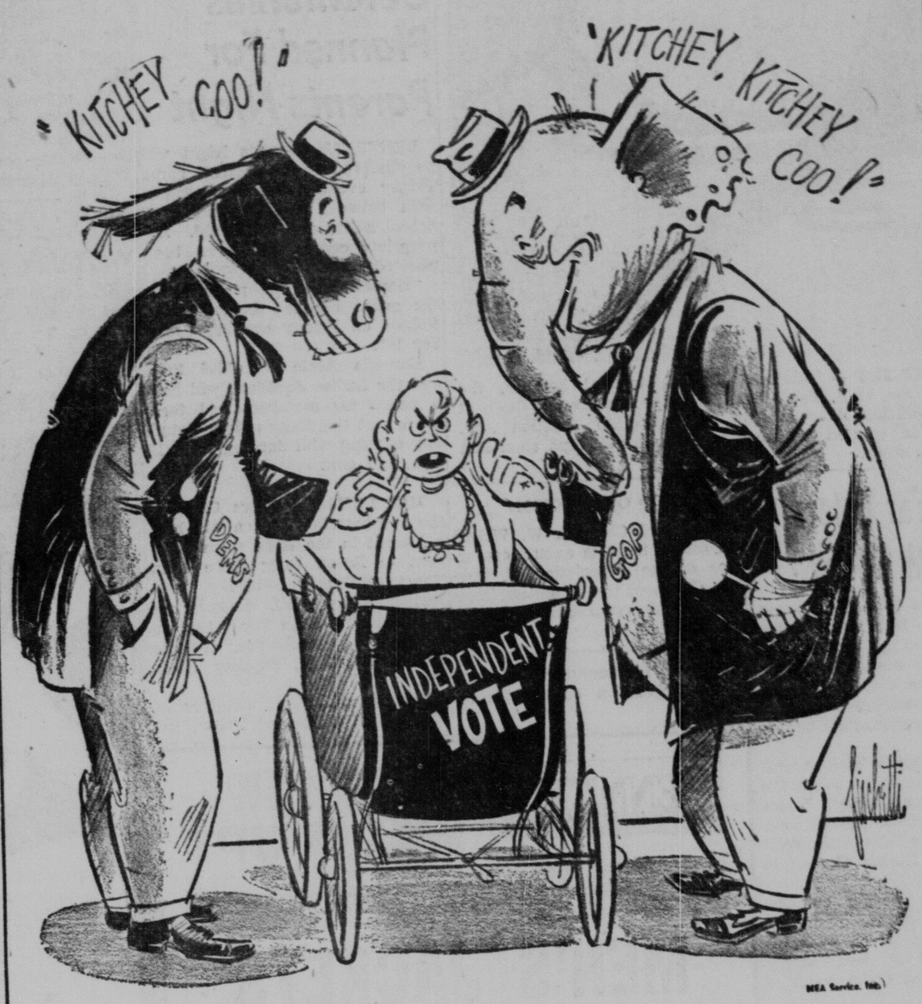
"Oh, Brother!"



The Nixon Situation

By GEORGE E. SOKOLSKY

For several years, I have called attention to the inadequate salaries and allowances paid to our members of Congress. While the President's allowances have been lavishly increased, even to the extent of making part of his perquisites tax - exempt, members of the House of Representatives an the Senate find it difficult to make ends meet.

George E. Sokolsky

Many of them have added to their income by listing their wives as secretaries, in one form or another. Some are members of law firms with the attendant embarrassment of questionable clients. Just as Harry Truman, when he was Senator, added his wife to his office payroll, so has Alben Barkley, as Vice President, increased his income by public lectures at high fees.

Our legislators face the problem that unless they possess inherited wealth or assets earned prior to becoming members of the Congress, their financial problems are, for many of them, a source of embarrassment. What is true of them is also true of some cabinet officers. It is not a secret that such a man as James A. Farley left the Postmaster-General ship heavily in debt.

—:—

MANY MEMBERS of Congress find that when income taxes, the cost of being elected to office, the cost of keeping before the public, even if only locally, are added together, little is left for the maintenance of a residence in Washington as well as at home.

I have, over the years, known much about the private affairs of many members of Congress and I can say that some are doing a public service at the sacrifice of their families, while others have to find some extra-curricular activities which they would rather not do.

The cost of being a national legislator is so prohibitive that many suitable men, whose talents ought to be available to the country, simply cannot afford to enter upon such a career. It is much sounder to become an assistant in a bureau or to a cabinet officer, stay a few years to make connections, and then join a law firm where such advantages will be rated satisfactorily.

Richard Nixon has served his country well. His work in uncovering the Alger Hiss case is deserving of the public recognition which he has received. He has not attained seniority in the Senate to have much of a record in that body. That takes years as things go there.

His error has been in attempting to do differently what so many of his colleagues do. What he did was to ask a number of citizens of his state to set up a fund to circulate his speeches, to provide for radio time, to interest the voters on his behalf. He maintained a permanent campaign fund. It is unfortunate that he did not announce that he was doing precisely that. I receive speeches, printed by the government, from a large number of members of Congress. Sometimes the notation appears, "not printed at government expense." But no statement appears to say who pays the bill. Is it the N.A.M., the C.I.O., the A. F. of L.? Somebody must pay for the huge volume of printed matter that I and thousands of other citizens receive.

—:—

PERHAPS FROM the Nixon experience, members of Congress will in the future set up organizations entitled, let us say, "pro-Nixon," "pro-Javits," "pro-Douglas" or whoever it is, so that the assistance may be organized and regularized.

I know this: I cannot afford to run for the House of Representatives or the Senate unless I were to continue my present work. Having been deprived of a large part of my earnings by taxation for several years, I would have to borrow to keep going, were I to go to Congress, or ask a company of friends to back me. I once calculated, not because of ambition but as an academic matter, that with my present fixed expenditures, including insurance and the education of my children, a term in Congress would make me bankrupt in about nine months.

Are we to have a Congress of millionaires? Are we to have a Congress of men of inhertied wealth only? Are we to be limited to practicing lawyers? If we want a Congress of excellent men, let us pay them adequately and relive them from taxation. Richard Nixon got some help—but he never sold his country nor has his wife accepted a mink coat as a gift for services rendered.

Model Home Racket

By WADE JONES

The fine-print boys are at it again throughout the land and the racket this time is the "model" home. Here's the way the dodge works:

A salesman you never saw before—and won't see again if he has his way—knocks on your door some fine morning.

He offers you an extra special low price for dressing up your home with a fancy siding of imitation stone or brick, roofing and siding of asbestos, magic paint which will protect your house from everything forever, basement waterproofing, or what have you.

You get the extra-special low price for the job if you will allow your refurbished dream house to be shown as a model for other prospective customers. More often than not you will be promised a commission on all sales turned up by showing your home as a model. You'll be told you very probably will even show a profit on the whole deal.

Then comes the pain. The salesman will begin dealing a set of contracts at you to sign, like they were a deck of cards. It would take you a week to read them all, much less understand what they said. And they're loaded with fine print the size of white corpuscles.

Not wishing to confess you can't read what it says right there in plain English, you sign all practically sight unseen.

Not long after, the "magic" paint on the house begins to unfurl like a flag. The sound of running waters is heard again in the basement. You're just as happy that all the customers who were coming to see your model home haven't showed up. And they won't.

All that money you were going to make in commissions was just part of the racket. The cosmic clipping you got on shoddy materials and workmanship was the other part.

So you go whooping and hollering in search of the handsome stranger who sold you this mess. But the chances are he's long gone from those parts, never to return. Even if you do locate him, you'll probably find he's legally in the clear because of all the fine print you didn't read.

Civic and business organizations reporting the spread of the racket suggest, to safeguard yourself, that if the contracts are too much for you to digest yourself that you hire somebody to check them. Another precaution would be to contract for such work with firms you know in your own neighborhood.

It's all right to pay to have a model house as long as you know what it's going to be a model of. But there's no use handing over good money to have your basement patterned after a swamp.

So They Say

The oil industry is finding oil faster than it is using it.—Oil executive Dr. Robert E. Wilson.

I don't believe Truman or anybody else has control over that man (Gov. Adlai Stevenson). He's going to buck with his own horns. —Mississippi Gov. Hugh White.

How far can we go on this road (of wages and prices) before we are continually engaged in chasing each others tails?
—Lincoln Evans, British labor leader.

I guess I drove it (a missing golf ball) straight into somebody's pants pocket.
—Bing Crosby, at a crowded golf course.

If there had been one world government, the Continental Congress, the French Revolution and the Latin American Republics would not have been possible.
—Sen. Tom Connally of Texas.

I don't want to create revolution. I just want to create a few more (motion) pictures.
—Charlie Chaplin.

Once Over

By H. I. PHILLIPS

The Low Punch

The shutins, the soldiers in many camps and hospitals and the general public are taking the low punch and the eye-thumbing in the heavy-wight fight game as a result of the current refusal of promoters, out for the last dime, to permit broadcasting.

Radio broadcasing gave the fight game a terrific buildup in the American home, helped end a hostility of years and gave it an air of respectability it had previously lacked in the public mind. And now—whammo!—greedy promotors slam the public against the ropes, give it the old one-two punch and say, "Nuthin' doin' on the radio, Mr. and Mrs. Calabash, wherever you are. If you wanna see or hear the big fight and can't get to the park you gotta pay musical comedy prices at some theater."

Money is money and business is business, but the fight promoters of America may ultimately find out that they are kayoing the goose that made the golden mitt. ("He's down! He's up! He's bleeding again!")

Folks in the faraway places, who by no stretch of the imagination could be considered prospective cash customers, are pretty sore over the closing of radio to them in the Walcott-Marciano heavyweight championship fight. The fight promotors of this, as of a couple of previous major battles, may discover they have gone out of their way to create a revival of bad will and even bring back the days when, with public support, anti-boxing bills flooded many legislatures.

—:—

A BEDRIDDEN GI on a hospital cot, a sick fight fan in the Maine woods or the Texas plains, or a sports lover so far away from the fight scene that he couldn't reach the scene on a free pass regards himself as the chief loser and the most battered victim of the heavyweight embroglio and won't forget it soon.

The fight game will always need all the friends it can get, bub, and promotors who can't understand this should be examined by the ring physicians the same as the pugilists. They can't be as keen as they look, if they think it akay to slam the public against the ring post and hit with a haymaker from the box office. ("He's down! He's up! The doctor is examining the cut over his cheek!")

Radio has broadcast fights for a quarter-century and more. The top promotors always encouraged it. The greatest fights in boxing history, far more notable and glamorous than the Walcott-Marciano bout, were broadcast to millions. The animosity that for years had made tough going for fight promotors faded away. Even mom, grandma and the kiddies had come to take prize fights kindly.

The conditions under which fights were barred from countless communities, held on barges or in cellars on the sneak plan, did a fadeout. Everything was fine and dandy. So what? So the strictly business boys who have made the sport a commercial enterprise decided to go all out to make millions of Americans sore as pups. "He's staggering. He's groggy! He's in trouble agin!")

—:—

WE CAN REMEMBER away back when boxing was illegal in many states, when absurd laws prohibited bouts between white and colored boxers, when the police raided many a fight club and when the promotors had to operate like bootleggers, sometimes winding up in the hoosegow instead of in the upper income brackets. Whazzamatter, boys? You wanna bring back the old days? We pause for a reply. And we expect to get it in the form of a left to the kidney and a right below the belt. ("He's down! He's up . . The doctor's looking over his eye, etc., etc.")

A Boston bank is issuing red, blue and gold checkbooks with checks in jade, coral, amethyst and turquoise tones. . . (Not, we trust, in a belief color gives a check more bounce.) . . . . Charlie Chaplin complains that Uncle Sam's action against him is so sudden. . Maybe up to now it was all in pantomime. . Mario Lanza has been sued for $1,195,000 by MGM. . . He and the company will split the publicity fifty-fifty. . . A man caught robbing a New York store gave as his excuse, "My sweetheart went to Paris; I was frustrated." . . (A plain case for the frustration officer, judge.) . . . . Either candidate could win the coming election under a slogan "He kept us out of truce."

Ohio Phone Firm Speeds Program

General Telephone Co. Is Ahead Of Schedule

COLUMBUS, O. (AP)—C. E. Williams of Marion, president of the Ohio General Telephone Co., said today the company is ahead of schedule on a 10-million-dollar, three-year expansion program.

Williams testified at a public hearing before the state utilities commission resumed on the company's application for annual rate increases totaling $1,326,812.

The company operates 138 exchanges in 60 Ohio counties.

Williams said the rate increase would net the company only $614,685 after taxes. He said the federal income tax on the increased income would amount to $665,990 a year.

He said the company has "effectively demonstrated its good faith" by "relentlessly pressing" its construction program. He said the company had exceeded the $10,472,000 program agreed to with the utility commissions in late 1949 by $30,000 as of June 30, 1952.

Williams said the rate increase was necessary to attract capital, both permanent investment capital and temporary loans. He said the company recently was authorized to sell two million dollars worth of bonds and $600,000 worth of common stock to partially repay a $2,700,000 loan from the National City Bank of Cleveland and a $700,000 loan from the parent company, General Telephone Corp.

He said the company is seeking another three-million-dollar loan from the Cleveland bank. Williams said the construction program has not satisfied the demand for telephone service.

He said at the start of the construction program the company had 7,155 applications for service. In June of this year the unfilled applications were 5,282, he said.

Utilities commission engineers who inspected the company's facilities, and subscribers who are making service complaints are to be heard later today.

Woman Freed Of Charge Of Selling Her Baby

LONG BEACH Calif. (AP) — Mrs. Edna Schon, 20, has been freed of charges she sold her 3-month-old daughter. The prosecution's only witness refused to testify.

Mrs. Schon, charged with selling her daughter Linda for $400, was absolved yesterday by Municipal Judge Wilbur F. Downs. The accused purchaser, Mrs. Elizabeth G. Britain, 35, who balked on the witness stand, said her testimony might be incriminating to herself. Charges against Mrs. Brittain also have been dismissed.

Britons Protest Housing On Historic Landscape

BATTLE, England (AP) — Britain may have a housing shortage, but local citizens say the battlefield of Hastings—1066 and all that—isn't the place for a housing project.

A citizens' mass meeting voted 146-35 last night protesting against proposal by two councils to build a 60-house public housing project on part of the historic site here.

Speakers said the project would mar the landscape where William the Conqueror and his Nomans vanquished the Saxon forces of King Harold in 1066.

The decay of adult teeth is due to organisms which gain entrance to the tiny crevices which are always present where the enamel plates are joined.

THE SOLDIER TAKES A BRIDE (TWICE)—Among the very few U. S. servicemen to marry in Korea is Airman 2/C William Wheat, pictured above, with his bride, the former Lee Kwong Ja. They met in Taegu in May, 1951. Wheat proposed two months later and, after winding through the miles of military and civil red tape, they were married Christmas Day. They had two ceremonies—a Korean one at Yong-Dong-Po and a civil one at Seoul. They're pictured at left, in their home in Newark, N. J., and at right in the Korean costumes they wore for their wedding.

Dems Blamed For Increase In U.S. Crime

WASHINGTON (AP) — The Democratic administration must take responsibility for the nation's increase in violent crime, Rep. Bernard W. (Pat) Kearney said today.

The New York Republican cited this week's report by the FBI that 1,022,200 major crimes were committed in the United States during the first half of 1952, a 6.4 per cent increase over the corresponding period a year ago.

Kearney, a member of the House Un-American Activities Committee, said in a statement distributed by the Republican National Committee:

"The whole spirit of lawlessness and corruption which the New Deal and Fair Deal have built up in the country was bound to have an effect. If we don't have honesty and integrity in high levels of our national government how can we expect these moral principles to apply elsewhere."

Kearney also said:

"The long-standing tie - up of crime and politics is a characteristic of the Democrat party. When you add to this the rank dishonesty and graft which infest the Democrat national administration it is no wonder that we are faced with a sharp increase in crime."

Java is the most crowded region of its size on earth.

Stevenson's Life Depicted In Booklet

WASHINGTON (AP) — Gov. Adlai E. Stevenson's life story was depicted today in a 20-page, full-color picture booklet.

The Democratic National Committee announced that several million copies were being distributed through state Democratic organizations.

The booklet's color pictures trace back to Stevenson's great grandfather, Jesse W. Fell, "who brought about the famous Lincoln-Douglas debates"; his grandfather, Adlai E. Stevenson, President Grover Cleveland's vice president, and his father, Lewis Green Stevenson, Illinois secretary of state in 1914.

The pictures take Stevenson quickly through grade school, Princeton, Harvard and Northwestern University.

The booklet deals mostly with his service as governor of Illinois, his World War II jobs and his role in the formation of the United Nations.

A number of pages are devoted to Stevenson's stand on foreign aid, inflation, taxes, 'bureaucracy," labor and agriculture.

Women Going Bald

By HAL BOYLE

NEW YORK (AP)—Ladies, never smirk at a bald man. He'll have the last laugh yet.

For women — ha, ha, ha!—are slowly going bald themselves.

"There is an evolutionary tendency in the human race to grow less hair — women as well as men," says Dr. Howard T. Behrman, one of the nation's leading dermatologists.

"In 200 years — perhaps more—it may be high fashion among both sexes to have no head hair."

As a man who every year looks more like the cue ball in a billiard game, I can hardly wait. It is tough being a pioneer.

Dr. Behrman, author of a 500-page medical textbook on the scalp, has a fine cranial roof thatch himself but is all in favor of the hairless trend.

"Hair is only a vistigial ornament that no longer serves a real purpose," he observed. "It used to have a protective function. But once we moved out of the trees we no longer needed it.

"The eventual human being, man and woman, will have no hair, a longer head, large abdomen, and short arms and legs.

"It's what you'd expect as a man becomes more of an indoor thinking animal, sitting on his rear more and spending more time time pushing buttons."

The increasing baldness among women today he sees as a long-time evolutionary change possibly aggravated by lack of proper hair care.

"They don't brush it as vigorously, or wash it as frequently as they did in the old days.

"Now they dye it, set it, wave it, bleach it — and let it fall into a set pattern. They are afraid to disturb it until their next trip to the beauty parlor.

"Women who have a tendency to baldness often find it is increased after childbirth, because of a temporary lack of female hormones. Treatment with female hormones may bring back the hair, but not necessarily so."

Those dratted sex hormones seem to hold the key to the whole problem. Female hormones grow scalp hair, hinder body hair. Male hormones work just the opposite. They are responsible for the growth of body hair and the loss of head hair, which may explain why so many bald men are sued in divorce court as wandering boudoir Tarzans.

"If you give any woman enough male hormones she will grow a beard and begin to lose scalp hair," said Dr. Behrman. "And by giving a man enough female hormones you might save his hair, but he would no longer be the kind of a man a woman would want around the house. He might lose interest in baseball and take up knitting."

What can a balding man do? Dr. Behrman, who is a member of the American Medical Association's Committee on Cosmetics, said that commercial lotions and creams are all right for hair grooming but added flatly: "They won't stimulate the growth of hair.

"In the vast majority of baldness — cases in which there is no local scalp or internal disease—there is very little hope of saving the hair."

His solution for normal male baldness, which is a product of heredity, growing older, and hormone secretions, is:

"Philosophy. The hairless human is on the way, but--."

But meanwhile we pioneers of the future will have to suffer in silence until we finally get that last laugh.

Landslides Threaten Phillipine Villages

MANILA (AP) — Philippine authorities have warned residents at the foot of Hibok-Hibok volcano on Camiguin Island in the Southern Philippines to leave their villages.

Almost continuous landslides shake huge boulders down the slope, threatening the villages. The volcano erupted with an explosive blast last December and killed nearly 1,000 persons. It has been restless ever since.

Mrs. Donald Mayhew Chosen President Of County W.C.T.U.

Mrs. Donald Mayhew of Winona will guide the activities of the Columbiana County Women's Christian Temperance Union for the coming fiscal year.

She was chosen president at the 62nd annual convention which was held Wednesday in the Memorial Building and succeeds Mrs. Albert Borton of Damascus, president for four years.

Approximately 60 attended, representing most of the 10 unions in the county.

Mrs. Anna Lou Nolsheim of Columbiana is vice president. Other officers are: Recording secretary, Mrs. Alvin Barton of Salem; corresponding secretary, Mrs. Herman C. Stratton of Salem; treasurer, Mrs. May Tyson of Columbiana; assistant treasurer, Miss Pearl Walker of Salem.

Mrs. Tyson, who has been treasurer for 25 years, recalled that 12 years ago Wednesday the convention was held in this city. Yesterday also marked Mrs. Tyson's 47th wedding anniversary.

Department directors are as follows:

Loyal Temperance Legion, Mrs. Nolsheim; child welfare, Mrs. Sina Megrail of Winona; Christian citizenship legislation, Mrs. Eunice Morris of East Palestine; drama and pageantry, Mrs. Stratton; flower mission and relief, Mrs. Cora Vanskiver of Columbiana; Institutes, Mrs. Mayhew; literature and periodicals, Mrs. Adelancia Fitz Randolph of Negley; fruit beverages, Mrs. Elva Baxter of Wellsville; international relations for peace, Mrs. Alice Satterthwait of Winona.

Parliamentary law, Mrs. Alma Ulum of East Palestine; publicity, Mrs. Edna Williamson of Signal; radio and television, Mrs. Mabel Smith of Wellsville; scientific temperance instruction, Mrs. George Davies of Damascus; soldiers and sailors, Mrs. Edith Huston of RD 2, East Liverpool;

Speech contests, Mrs. Borton; spiritual life, Rev. Lydia Brantingham of RD 2, Salem; temperance education in church school, Mrs. Pearl Ruble of RD 1, Hanoverton; temperance and missions, Mrs. Lillie Lewton of Lisbon; and visual education, Miss Josephine Dunn of Winona.

Mrs. Borton, president, officiated and Mrs. Barton, president of the Salem union, gave the welcome.

Dr. Edison Habegger of Los Angeles replaced Rev. Leonard Borton of Columbus as guest speaker.

Dr. Habegger, a converted drunkard, spoke briefly of his life story. He told the white ribboners that the Calvary cure really works. The minister urged the women to get the alcoholics "in touch with Jesus." "When Jesus comes into the life of an individual he will sober up from the heart out," he said.

The speaker was presented by Rev. Harold B. Winn, pastor of the First Friends Church and president of the Salem Ministerial Association.

Three vocal numbers were offered by Prof. and Mrs. Charles Sheppard of Wilmore, Ky. Tribute was paid to 18 deceased members, who died the past year, in a memorial service conducted by Mrs. Barton and Mrs. Stratton. One was the late Mrs. Kitty Rothwell, who was county president for a number of years.

The county organization is protesting the advertising of liquor on the county fairgrounds. Letters of protest will be sent to the County Fair Board, of which Clarence Crosser of near Lisbon is secretary.

Damascus union was awarded the banner for the largest percentage of gain in membership. Other unions designated as "fruitful" were Salem, Rogers and Winona.

There are 530 enrolled in the county union this year. East Palestine has the largest number of members. Many letters have been received from the United States soldiers in Korea expressing their appreciation of the fruit juices sent by the unions.

Mrs. Nolsheim will represent the county union at the annual state convention scheduled Oct. 23-27 at Findlay. A county institute will be held early in November at Rogers.

Birth Reports

Son, to Mr. and Mrs. James McIntosh of RD 1, Hanoverton, today, at Central Clinic.

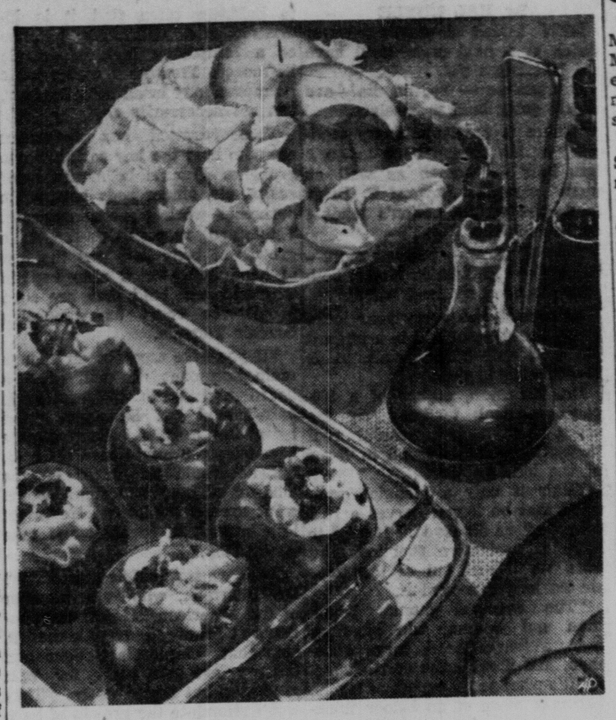
Son, to Mr. and Mrs. Robert Brian of East Palestine, Wednesday, at Central Clinic.

Daughter, to Mr. and Mrs. Bruce Little of Leetonia, Wednesday, at Central Clinic.

Son, to Mr. and Mrs. Sam DiRocco of Leetonia, Wednesday, at City Hospital.

GO TO CHURCH SUNDAY.

Tomatoes Hit The Spot



Tomatoes taste so good at this time of year, they're worthy of being used in a main-course dish for luncheon or supper. Here's a nomination: deviled eggs and bacon in fresh tomato cups. Serve this dish with crisp rolls and a hearty dessert of gingerbread and fruit sauce.

To lots of men's way of thinking, there's no better salad than just plain tomatoes and Iceberg lettuce. Cut both the tomatoes and lettuce in wedges and serve with a simple but really good dressing: olive oil, wine vinegar, salt, freshly-ground pepper, and crumbled Roquefort cheese. If you are splurging and have a roast of beef or lamb for Sunday dinner, there's nothing better than this salad to accompany it.

DEVILED EGGS AND BACON IN TOMATO CUPS

6 large tomatoes (about 3 pounds)
3 tablespoons butter or margarine
3 tablespoon flour
½ teaspoon dry mustard
1½ cups milk
½ teaspoon salt
6 hard-cooked eggs (peeled and sliced)
½ pound bacon

Wash tomatoes but do not peel. Scoop out pulp and seeds. Sprinkle inside of tomato cups with salt. Melt butter or margarine over low heat. Mix flour and mustard together; blend into butter. Add milk slowly and, stirring constantly, cook over low heat until thickened and bubbly. Stir in ½ teaspoon salt. Carefully fold in sliced eggs. Cover and remove from heat.

Cut bacon into tiny squares; fry 2 or 3 minutes (do not brown) and drain. Place tomato cups in baking dish. Fill with creamed egg mixture; sprinkle with bacon squares. Bake in moderate (350 F.) oven until tomatoes are heated through and bacon is brown and crisp—about 15 minutes. Makes 6 servings.

Shower Party Given For Phoebe Borton

Mrs. Curtis Mosher entertained at the home of her parents, Mr. and Mrs. Paul Bayless, in Damascus Wednesday evening at a miscellaneous shower party honoring Miss Phoebe Borton, bride-elect.

Mrs. Mosher will be a bridesmaid for the marriage of Miss Borton and Frank Chepke of Lake Milton Sunday, Oct. 5, at 2:30 in Bethel Reform Church.

Thirty guests were present from North Georgetown, Sebring, Alliance, Youngstown, Lake Milton and Salem. Contests were enjoyed and awarded to Misses Veronica Reale, Martha Redman, Mrs. Harold N. Wulf, Mrs. Robert Risbeck, Mrs. James Krichbaum and Mrs. Ralph Iagulli.

Gifts were beneath a large sprinkling can suspended from the ceiling and streamers of aqua and deep pink led to the gifts. The two colors will be used in the gowns of the bridal party. The sprinkling can motif was carried out in serving a lunch and the pink and aqua color scheme featured mint cups.

Mrs. Bayless and Mrs. Frank Mitchell assisted the hostess with the party. Special guests were Mrs. Albert Borton of Damascus and Mrs. William Chepke of Lake Milton, mothers of the couple.

Sorority To Help Pool Fund By Store Project

Adults as well as the youngsters are being attracted to the animated city shown in the Penney Store window which started Wednesday and will continue through next Tuesday as the Centennial swimming pool project of members of Beta Psi Chapter of Beta Sigma Phi Sorority.

Proceeds from advertising shown in the "City" will be turned over to the pool fund. Members will meet tonight at 8 at the home of Mrs. Charles Trotter on W. 14th St. for a program on "Painting the Person."

Personals

Mary C. Quinn

A talk on "Ohio Women Of Distinction" will be given by Mary C. Quinn of Cleveland, public relations supervisor for the Ohio Bell Telephone Co., to members of the Business and Professional Women's Club Monday at 6 p.m. in the Elks home.

Miss Quinn will speak on the influence of women in Ohio from the state's beginning, particularly in industry, including the telephone business. A graduate of Western Reserve University, Miss Quinn did graduate work at Northwestern University. She has been with Ohio Bell for six years, holding previous positions of selection interviewer in women's employment and staff assistant in the general traffic office.

Area Educators Attend Conference

E. S. Kerr, E. F. Clewell, Paul R. Roher, Inez Hisler of Salem, and T. V. Utterback of New Waterford, attended the annual conference devoted to leadership training for professional groups, held Friday, Saturday and Sunday at Camp Muskingum on Leesville Lake.

Representatives were present from every county district, city district and each exempted village. Including the stall of the Ohio Education Association, 347 members attended.

Mrs. Sarah Caldwell, National Education Association president, gave an interesting account of European school conditions which she studied while on a tour during the past summer. An exchange teacher from London, England and one from Oswego, Norway, compared ideas with those of American teachers.

"Moulding Teachers For Tomorrow" was the theme of the convention.

Garfield Grangers Aid Fire Truck Fund

Two applications for membership were received when Garfield Grange members met Wednesday evening at the grange hall.

Applying for membership were Chester A. Hill and Elton Arthur Hill. Mr. and Mrs. Omar Leggett were obligated in the first and second degrees. Frank Kampfer was in charge of the degree work.

It was reported that the volunteer fire department of Damascus has purchased a fire truck. The grange which voted to give $100 towards the purchase, will help to solicit contributions.

A project meeting will be held Oct. 8 at the grange hall, with the lunch committee being comprised of Mrs. Alice Stanley, Robert Metzger and Paul Sommerville.

The grange Mahoning County young peoples meeting will be held Oct. 1, members were informed. Lunch committee for the affair will be Mrs. Florence Mather, Mrs. Omar Leggett and Mrs. Martha Davis.

The Wednesday program began with a song, "America The Beautiful" and roll call was answered by "What I liked best at the Mahoning County Fair." A poem, "The Busy Man," was given and a discussion was held on "What kind of entertainment young folks like today."

A necktie-tying contest for the men and a game, 'Wind and Trees," were enjoyed. The meeting closed with the song, "Softly Now the Light of Day."

going and he was about six or eight lengths behind the last horse in front of him.

"What happened was, when he got to the first turn, he had overtaken two of them and when he got in the straightaway on the back side, he was fourth from the lead and I was holding my tickets in my hand.

"I did not put them in my pocket. When that horse stumbled, I think I just mashed them.

"He came around the other curve there and came away in the straightaway and he was about fourth and, all of a sudden, that horse just got out in front and won that race by about six lengths.

"It was the finest horse race I ever saw, Mr. Chairman," Caudle says to Rep. Chelf, who is a Kentucky Democrat and probably hears now and then about horse races.

Well, this Uncle pays $9.23 for every $2 bet which is a lot of green, and Caudle says he slaps most of it into a down payment on a mink coat that his wife is sighing for.

But then the journals start talking about this coat and pretty soon you hear "mink, mink, mink, everywhere," Caudle says. "They even called me the mink man."

And he sighs and you can see he is hurt by what Uncle Edgar does to him.

23 Attend Lions Stag

Twenty-three members of the Lions Club turned out for the club's stag meeting Wednesday afternoon and evening at the Valley Golf Club. A turkey dinner was served and golf was played.

It is estimated that less than 20 per cent of American Negroes are of pure African descent.

unceasing war on a world of killers

LEEUWENHOEK, in 1683, was the first to disturb the privacy of the teeming bustle of the unseen world. The "wretched wee beasties" cavorting innocently under his lens were later indicted and convicted by Koch and Pasteur. Unbeknown to Leeuwenhoek, he had discovered a vicious and unseen world of killers, now known as bacteria, or germs.

The span of time between Leeuwenhoek and Pasteur was almost 200 years. Only an average lifetime has passed since Pasteur's experiments, during which practically all we know about disease and its treatment has been discovered. Our knowledge is expanding at an ever-increasing rate. The pharmacist works with the physician in bringing newer and better medication into the sickroom.

Salem Faces Youngstown Chaney Friday In Home Opener

Chaney To Outweigh Salem Eleven In Initial Home Game; Locals Stronger Defensively

Youngstown Chaney, sporting a strong single wing offense, will invade Reilly Stadium Friday night for 32 minutes of football against the Salem Quakers in the latter's opening grid contest before a home crowd.

Chaney will seek their initial victory over Salem teams since the two schools have faced each other just twice before, those ending in a deadlock and a Quaker victory.

The Youngstown west siders have played two games to date, dropping Youngstown Rayen in their opener and beating Campbell Memorial in their second contest.

The Quakers will be in quest of their initial victory of the season and Coach Ben Barrett feels his gridders are vastly improved since their first two defeats at the hands of Bellaire and Ravenna.

"We have worked hard all week on defense and made several shifts to strengthen our weak spots," Barrett remarked Wednesday following the Quakers practice session.

The Salem Coach was referring to the moving of Jim Hrovatic to an end, Bill Megert to tackle, John Baker to halfback and Tom Sweteye to a linebacker, all on defense. Hrovatic will plug the right end post since the Quakers were weak at that spot last week and Mergert will fill in the right tackle position where Hrovatic had been playing. Sweteye will be moved from defensive halfback to a linebacking position and Baker drops into the halfback position from end.

Barrett said other changes may be made if the defense shows weak ness again. He especially needs a guard to work with Co-Captain Don McCormick. McCormick is showing improvment each week but the other guard position has been weak and Chaney's single wing offense will undoubtedly be strong through the center.

Salem currently is the weakest defensive team in the county, allowing their opponents to score 57 points against them while they have garnered just 19 points.

Chaney will field a heavy line against the Quakers Friday, averaging 186 pounds per man against Salem's 174-pound average per man. The Youngstown backfield will also outweigh the Quakers, 176½-163 pounds per man.

—:—

QUARTERBACK and signal caller for the Chaney Cowboys will be John Cantanzriti, 160-pound senior who saw considerable action last year at the same position.

Flanking him will be a pair of 170-pound halfbacks, Bob Bryer and Frank Kabealo. The latter, a senior, is the Chaney passer although they throrw few aerials. Bryer is one of six juniors on the starting eleven and rated as a good runner.

At fullback is another 170-pound gridder, Jack Jones, a junior. He is the Cowboys, principal ball carrier and occasionally a pass receiver along with the two ends, John Pavalko and Bob Yohman. Pavalko, a junior, goes at 170 pounds and Yohman is a senior at 180 pounds.

George Richardson and Dick Phillips will be at the starting tackle positions although Ronnie Calvin may lend a hand on defense. Richardson weighs in at 200 pounds and is a junior while Phillips goes at 205, a senior. Calvin weighs 225 pounds, the heaviest starter, and is a senior.

Guard positions find Bob Agler and Paul Mikula, Agler is a small 165 pounds, the smallest starter, and Mikula, a senior, goes at 200 pounds. Andy Gonci, a 180-pound junior, will hold down the center position.

Other backfield members who are sure to see action are Norman Barron, George Senedak and Pat Mele. Barron weighs 155 pounds, Senedak 160 and Mele 185. The latter two are seniors while Barron is a junior.

The Chaney eleven is coached by Ches McPhee, who has been with the Cowboys for 27 years as a grid coach and also had the basketball coaching duties until recently.

—:—

OFFENSIVELY, Coach Barrett plans to start with his usual lineup of Jack Ference and John Baker at ends, Jon Zeigler and Hrovatic at tackles, McCormick and Wayne Ickes at guards, and either Ed Mozina or Gary Paxson at the center spot.

In the backfield Joe Hrovatic will be calling signals at quarterback, Bob Sebo will open at fullback, although he will also see action at left halfback, Co-captain Nelson Mellinger will work at right halfback and George Mordew, sophomore who started his initial game last week at Ravenna, will be at the other halfback post. Bill Crookston will also see action, either at fullback or left halfback.

Chuck Riffle To Speak At Booster Meeting

Chuck Riffle, Warren Harding High School football coach, will be the guest speaker at 7:30 tonight when the Salem Booster Club meets in the Memorial Building.

Riffle was the only coach in Ohio who piloted his team over Chuck Mather's Massillon Tigers last season. His Panthers whipped the Tigers in Warren by a 19-13 count and handed them their lone defeat.

Salem High School football players will be the guests of the club at the meeting. Movies of the Salem-Ravenna game will be shown and Coach Ben Barrett will discuss Friday night's contest with Youngstown Chaney.

Claim Shantz' Wrist Will Heal With Ease

PHILADELPHIA (AP)—The broken bone in Bobby Shantz' left arm that halted the southpaw's most successful pitching year need not cause the Philadelphia Athletics southpaw fear for his pitching future.

Bobby said Wednesday that A's physician, Dr. Larry Gopadze, told him the break "is as clean as though someone cut the bone with a knife and that it will heal without being put in a splint or a cast."

"And I'll be all right to pitch next season," Shantz added.

Shantz was hit above the wrist by a pitched ball while batting against Walt Masterson in the Washington Senators - A's game Tuesday.

Jimmy Dykes Signs Contract For '53 Season

PHILADELPHIA (AP) — Rotund Jimmy Dykes, the sometimes scowling, sometimes smiling man with the cigar, has been signed by the Philadelphia Athletics to a new two-year American League managerial contract — "at a substantial raise in pay."

The former third base great when Connie Mack was piloting world champions has guided the A's into the fourth place spot in the pennant race.

No pay figure was disclosed.

Vern Mikkelson of the Minneapolis Lakers NBA champions, gained credits towards his master's degree this summer by studying in Oslo, Norway.

Season Football Tickets To Be Picked Up Friday

Season tickets for Salem High School's home football games which have been laid back at Heddleston's Pharmacy and Fisher's News Agency must be picked up by 3 p. m. Friday, Faculty Manager Fred Cope said today.

Some 260 season ducats were sold since they were put on sale last May at the downtown outlets. The number is under the number of season tickets sold last year, probably due to Salem's opening away from Reilly Stadium, Cope said.

Tickets for the Chaney-Salem game Friday are presently on sale at the outlets.

Browns Sharpening Aerials For Rams

CLEVELAND (AP) — The same fancy passing attack that spilled them from the pro football championship will be trained on the Cleveland Browns Sunday when they take on the Los Angeles Rams.

But this year the Browns look even less able to stop the pinpoint chucking of quarterback Bob Waterfield and Norm Van Brocklin or the catching of Elroy Hirsch and Tom Fears.

The Browns, who lost the title game to the Rams last season 24-17, take a 2-2 exhibition game record into the opening game of the league season. And both the losses—to Detroit and San Francisco—resulted from poor pass defense.

Landenberger Called By Chicago White Sox

Ken Landenberger, son of Mr. and Mrs. Julius Landenberger, former residents of Salem and presently of Lyndhurst, O., was called up to the Chicago White Sox Tuesday.

Landenberger, a 6'4" former Bush High School athlete, is in his fourth season of professional baseball and had been playing with Colorado Springs, Colo., a Chisox farm outfit. With the latter club he was hitting .315.

Landenberger is widely known through this area and has many relatives living in and near Salem.

Bucks May Use Aerial Attack Against Indiana

COLUMBUS, O. (AP) — Coach Woody Hayes may use the aerial attack of the Ohio State Buckeyes for a fair share of the offense in their football opener against Indiana here Saturday.

Hayes thinks passing may come in handy as both teams employ the split T against average defense lines on either side.

For insurance on the ground side, the OSU mentor continued polishing the Bucks' ball handling in their practice workout Wednesday.

Yankees Break Fenway Park Jinx, Win Pair

Mickey Mantle Has Big Day

Boudreau Protests Initial Contest

By ORLO ROBERTSON
AP Sports Writer

Wednesday, Sept. 24, will go into the books as the day the New York Yankees snapped their Fenway Park doubleheader jinx, the day 20-year-old Mickey Mantle battered the stitches off the ball and the day the world champions virtually closed the books on the 1952 season.

The pennant-winning day can't arrive until tomorrow in Philadelphia, at the earliest, but a triumph today would assure the champions of at least a tie.

To all intents and purposes the Yanks won their fourth straight pennant yesterday when they whipped the Boston Red Sox, 3-2, in 10 innings, and 8-6.

Sure, the Cleveland Indians also won, whipping the Chicago White Sox, 6-0, behind the three-hit pitching of Bob Lemon. But it will take a real blow-up by the champions to move the title to Cleveland on Sunday.

The triumphs over Boston—the first Yankee sweep of a Fenway Park doubleheader in five years—increased the New Yorkers' lead to two games. The Indians have only two games remaining, both against the Tigers at Detroit Saturday and Sunday.

The Yankees have four to play, a season's final against Boston today and then three with the tough Athletics at Philadelphia. The Tribe's chief hope lies in a Red Sox victory today and then at least two out of three wins by the A's—themselves battling for third place.

Reynolds Hurls Today

Allie Reynolds, No. 1 Yankee pitcher with 19 victories and eight defeats, is Manager Casey Stengel's nomination today. He'll be opposed by Sid Hudson, who has a 10 and 12 record.

"We've gotta use our best now," said Stengel after yesterday's sweep. "Those other fellas (Cleveland) are winning too, you know. We gotta take care of ourselves. "Lopat (left hander Ed Lopat) will go in Philadelphia Friday and then we'll see."

Mantle, no longer trying to fill Joe DiMaggio's shoes in centerfield but playing his own style, had one of his best days of the year in the Yankees' twin-killing. He provided the payoff punch in the first overtime inning of the opener, powdering the ball for a triple after Irv Noren opened with a double off relief hurler Dizzy Trout.

Then in the second game he pitched in with another big blow—a three-run homer in the fourth. At the end of the day the books showed he had five hits in nine times at bat and had driven in six runs.

Johnny Sain, who relieved starter Vic Raschi in the ninth, got credit for winning the first game—his 10th of the season. Sain also came back in the ninth of the nightcap, when the Sox shoved across two runs, to help Ray Scarborough over the rough spot. Tom Gorman, the starter, got credit for the victory, however.

Boudreau Files Protest

The first game was played under protest of Boston Manager Lou Boudreau after the sixth. At the time the Yanks had only a 1-0 lead. Dom DiMaggio opened with a single to short center. Mantle fielded the blooper and, when he saw that DiMaggio had over-run first base, he whipped a one-bounce throw to Joe Collins and nailed the Boston outfielder.

The throw caught First Base Umpire Bill Grieve with his back turned to the play and Boudreau stormed from the dugout after Plate Umpire Larry Napp called DiMaggio out. When his protests were ignored, Boudreau formally notified Napp of his protest.

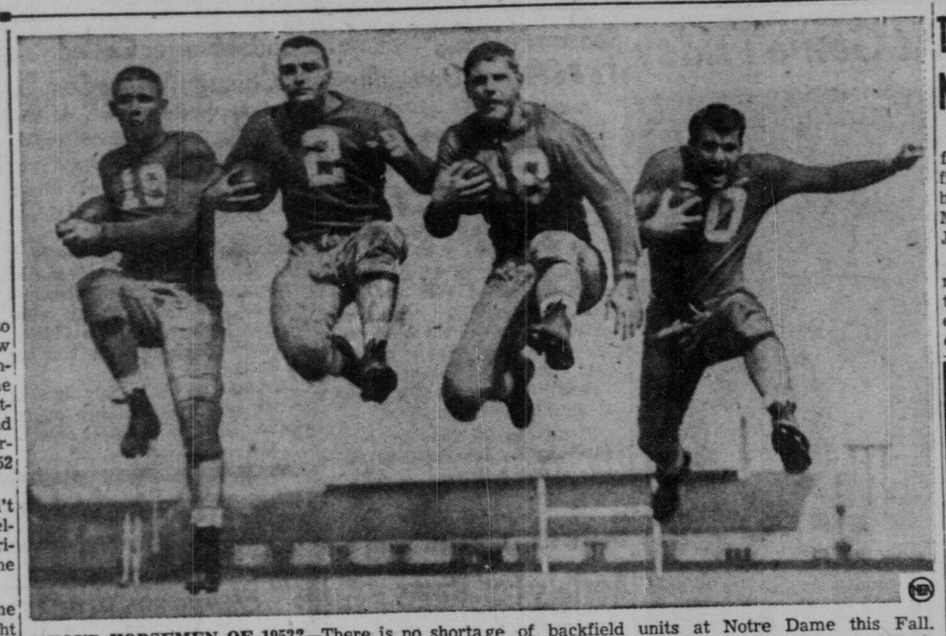
Bob Avila and Al Rosen backed up Lemon's shutout pitching with homers. In winning his 22nd game, Lemon allowed only one hit in the first seven innings—a double in the third by pitcher Lou Kretlow. The White Sox got two more in the eighth.

The National League, its pennant winner already decided in favor of Brooklyn, continued its battle for the other first division berths.

The New York Giants assured themselves of no worse than a tie for second place by battering the Boston Braves with a home-run bombardment, 11-8 and 8-2. The third-place St. Louis Cardinals, four games back of the Giants, lost a night game to the Cincinnati Reds 6-1.

The Philadelphia Phillies advanced within a game and a half of the Cards by walloping the Dodgers, 9-7, as Robin Roberts staggered to his 27th triumph. He became the first National League pitcher to win 27 since Bucky Walters captured that many for the Reds in 1939.

In the only other game played, Detroit's Tigers blew a four-run first-inning lead as they bowed to Tommy Byrne and the St. Louis Browns, 7-4, for their eighth straight setback.



FOUR HORSEMEN OF 1952?—There is no shortage of backfield units at Notre Dame this Fall. Among the ball-carrying corps Frank Leahy can call on is the one composed of, left to right, Halfback Paul Reynolds, Quarterback Tom Carey, Fullback Neil Worden and Halfback Francis Paterra. Another to keep an eye on is Johnny Lattner, who'll be seen in the Irish opener against Pennsylvania in Philadelphia, Sept. 27.

During his career as an outfielder for the New York Yankees, Joe DiMaggio hit 148 homers at the Yankee Stadium.

Pitcher Herm Wehmeier of the Cincinnati Reds was an All-City and All-State fullback at Cincinnati Western Hills High School.

Dallas Set For Football Weekend

DALLAS (AP)—Dallas is bracing for the biggest week-end of football this season or any other season—a triple-header in which all games will be of national interest.

There hasn't been anything like it since the celebrated college doubleheader of 1950 when two big games were played in the afternoon and night—Oklahoma vs Texas and Southern Methodist vs Oklahoma A & M — and attendance totaled 150,00.

Friday night Southern Methodist plays Duke in one of the country's top intersectional games. Saturday night Oklahoma A & M. takes on Texas A & M in another intersectional contest of interest among the colleges.

Sunday the Dallas Texans, newest club in the National Football League, play their first game in the professional circuit, meeting the New York Giants.

TV May Carry Next Title Bout

NEW YORK (AP)—Home television fans may get a look at the return fight between newly crowned heavyweight Champion Rocky Marciano and "unretired" Jersey Joe Walcott.

While nothing regarding this major point has been settled by the interested parties, it was learned from a good source that the chances were better than 2 to 1 that there will be a general telecast of the second bout. The fight may take place in late January in either Chicago or Miami.

The first scrap between the two on Tuesday was beamed only to theaters in 31 cities via a closed circuit. Home TV - viewers were shut out.

Charles Convinced He Could Beat Marciano

CINCINNATI (AP) — Ezzard Charles, former heavyweight champion of the world, said today he is convinced he can defeat Rocky Marciano, the new title holder, and wants a bout with him.

Not right now, however, said the Cincinnati veteran, from whom Joe Walcott took the title with a knockout.

"I always thought I could beat Marciano," Charles told a reporter, "and now, after watching him against a rough guy (Walcott) I'm convinced that I can."

Ez saw Marciano win the championship Tuesday night as one of more than 3,500 spectators at a telecast of the fight in a Cincinnati theater.

Batting: Mickey Mantle, Yankees—Connected with five hits and drove in six runs, including the deciding tally in 10th inning of opener, as New York swept doubleheader in Boston for the first time in five years, 3-2 and 8-6.

Same Story For 50 Years...

LET PEOPLE SEE YOUR MERCHANDISE

Old? Sure the plan is old.

Drive through the country and you'll find country merchants still displaying merchandise on their porches, or in front of their stores where passers-by can see it, just as they've been doing for 50 years—just as your grandfather or your uncle did fifty years ago. In the earlier days some of the more aggressive ones loaded a wagon full of merchandise and took it out to the people who lived in far-away places. That wasn't a new idea, either. There were vendors doing this back in the days of the early Romans.

Michigan State, Notre Dame, Buckeyes Favored To Triumph

NEW YORK (AP) — Some of the season's best football games will be played this week end, partly hidden by the approaching World Series.

Perhaps these forecasts should be completely hidden. Anyway, here is how the week-end college football games should come out:

Michigan State over Michigan — Last year Michigan State said it was writing off 1951 and looking ahead to 1952 — but the Spartans were unbeaten in nine games. Their current team is rated better than its predecessor even though it can't improve its record.

Notre Dame over Pennsylvania—the Quakers have the material, and perhaps, the attack but Notre Dame had the benefit of spring practice. That could be decisive this early in the season.

Ohio State over Indiana — Gone are the days of the breathers. Both clubs opened their seasons with this one. Ohio State was the defensive team last year but the Buckeyes are score-minded now.

UCLA over Texas Christian — Don Moomaw, outstanding line backer for the Californians, gives them the edge.

Georgia Tech over Florida—The Tech backfield is rated as the best T-formation foursome ever to play in the South. The 'gators will miss Haywood Sullivan, quarterback, who quit the collegians to play pro baseball.

Princeton over Columbia — this is the game you will see on your TV set Saturday. Mitch Price is Columbia's lone weapon while Princeton is better stocked although it has no Dick Kazmaier.

Texas over North Carolina — Only because this will be North Carolina's first game using the split-T.

Holy Cross over Dartmouth — Charley Maloy's passing will make the difference.

Duke over Southern Methodist—The Dukes get the Duke in this Friday night affair.

Washington over Minnesota — Washington's Don Heinrich, fully recovered from last year's injury, again is one of the country's best passers.

Maryland over Auburn — That Missouri scare awakened the Marylanders.

Tennessee over Mississippi State — The only thing in abundance at Mississippi State is inexperience.

Skipping over the others in a hurry:

Friday night

Boston University over Syracuse; Southern California over Northwester; Boston College over Richmond; Miami over VMI; Detroit over Wichita.

Saturday

East: Cornell over Colgate, Delaware over Gettysburg, Pittsburgh over Iowa, Bucknell over Lafayette, Lehigh over New York University, Rutgers over Muhlenberg, Purdue over Penn State, Army over South Carolina, Harvard over Springfield, Yale over Navy.

Midwest — Bradley over California Poly Tech, Drake over Dayton, Tulsa over Hardin-Simmons, Illinois over Iowa State, Cincinnati over Kansas State, Wisconsin over Marquette, Oklahoma over Colorado, Kansas over Santa Clara.

South — Alabama over Louisiana State, West Virginia over Furman, North Carolina State over George Washington, Georgia over Tulane, Mississippi over Kentucky, Clemson over Villanova, Virginia over Vanderbilt, The Citadel over VPI, Washington and Lee over Davidson, Wake Forest over William and Mary.

Southwest—Arkansas over Houston, Oklahoma Aggies over Texas Aggies, Rice over Texas Tech.

Far West — California over Missouri, Wyoming over Montana, Utah State over College of Pacific, Nebraska over Oregon, Washington State over Stanford, Utah over Idaho, Brigham over New Mexico.

District Schedule

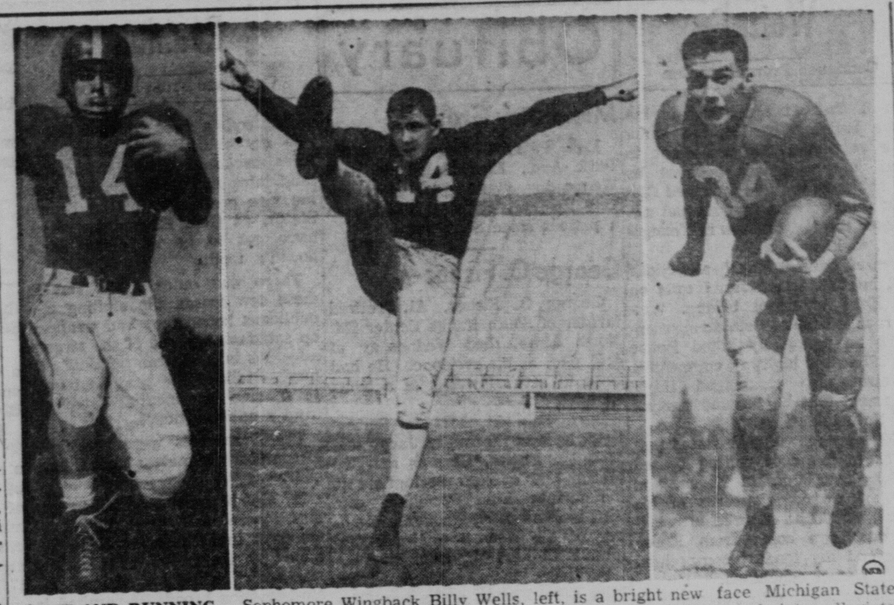
Saturday

Youngstown Woodrow Wilson at Youngstown South
Canton McKinley at Canton Timken

Massachusetts and New York each have 18 representatives on the Brandeis University football squad this season.



OFF AND RUNNING — Sophomore Wingback Billy Wells, left, is a bright new face Michigan State sends against Michigan at Ann Arbor as filberts get their first wide-scale glimpse of intercollegiate competition. Johnny Lattner, center, is the best all-around back Notre Dame deploys against Pennsylvania at Philadelphia's Franklin Field. UCLA banks heavily on Tailback Paul Cameron as the Bruins entertain Texas Christian at the Los Angeles Coliseum.

Mitchell, Whom Indians Tried To Sell, Bids For AL Title

NEW YORK (NEA)—It becomes more prefectly clear every year that the best baseball deals of all are the ones not made.

Take the strange case of Loren Dale Mitchell.

The Indians have been trying to foist off the 31-year-old outfielder practically from the time he joined Cleveland in 1946. This despite the fact he has been consistently the best-hitting left fielder in the American League, is right now pushing Philadelphia's Ferris Fain for the batting championship.

Mitchell struck oil on his wheat and alfalfa ranch hard by Norman, Okla., no longer has to worry about fodder for the family.

The big fellow reverses the usual procedure having to do with the hungry ball player.

'Now that I no longer have to worry about money, I hope they let me alone," he remarked in the Spring. "If they do I'll have a big year."

Every attempt was made to replace Mitchell in training and the early going, but when the real firing commenced the Oklahoman was in left field.

Finally, the brass let him alone.

Dale Mitchell has remarkably good eyes and strong wrists. He rarely strikes out. He says he just tries to meet the ball.

"Dale's a percentage hitter," explains Tris Speaker, "because he always hits the ball somewhere."

The Gray Eagle is among those who believe Mitchell has the equipment to become the first .400 hitter since Ted Williams crashed the magic circle in 1941.

—:—

SAMMY WHITE declares that the six-foot-one, 195-pound Injun is the hardest hitter in the league to pitch to.

"Because he hits the ball where it is pitched," says the Red Sox' young catcher. "He pokes an outside ball to left field, pulls an inside pitch into the seats."

Mitchell was just two years out of University of Oklahoma and learning to play ball when he batted .316 for the Tribe in 1947, his first full season in the majors.

He was supple, swift, aggressive and almost totally devoid of professional experience. Conservative odds would be 100 to one against a man with his background winning a regular job.

—:—

MITCHELL HAS BATTED under .300 only once since coming up, a .290 score last trip. He was the circuit's third top hitter in 1948 with a .336 mark, a contributing factor in Cleveland's first championship since 1920 and second since the American League was born.

Mitchell has been a perfectionist right from the start. One of the rarest sights in nature is an outfielder practicing in the outfield between turns in the batting cage. You can find Dale out there every day. No longer does he raise lumps on his head misjudging fly balls.

The fleet leftfielder was a 9.8 runner in college, gets a tremendous jump on the ball. Any drive he can get his hands on is snuffed out like a candlelight.

Mitchell says he still wants to experience the thrill of a World Series. But what about 1948?

"That didn't count," he said. "It was an anti-climax after our play-off with the Red Sox. The Series was just a half-dozen ball games, except in the eighth inning of the sixth game when it began to look like the Braves might take it all.

"I felt cheated out of a kick I'd dreamed of since I was a kid in grade school back in Oklahoma."

And what's that about pros playing only for money?

STRIKES IT RICH—Oil magnate-rancher Dale Mitchell of the Indians has no money worries, concentrates on pitchers.

Stevenson

ing visits to Ohio and Iowa to close out next week.

For the time being, at least, the Democratic nominee had nothing to say about the dramatic reunion at Wheeling, W. Va., last night between Gen. Eisenhower and his vice presidential teammate, Sen. Richard M. Nixon of California.

Eisenhower pronounced Nixon "completely vindicated" of any charges of wrongdoing in the use of an $18,000 fund collected by some of the senator's California supporters to help out with Nixon's expenses.

And Nixon accused Stevenson of "clamming up" about a fund raised to supplement the salaries of Illinois state officials.

Stevenson offered no immediate comment on Nixon's remarks or the decision of the GOP high command to keep the California senator on the party ticket.

The Democratic candidate was standing pat on what he said yesterday—that it would be "a breach of faith on my part" to name key state officials whose salaries he said he supplemented with donations from the special fund.

These gifts, Stevenson said, made it possible to get men of competence and integrity for state jobs which they could not afford to take otherwise.

The money, he said, came from funds left over from his 1948 campaign for governor, plus some later contributions. None of the contributors knew what officials received funds and none of the recipients knew who gave the money in the first place, the governor said.

So, he said, he saw no purpose to be served by disclosing the names of officials who received gifts or the amounts they got.

Ohio Railroader Given Medal For Saving Child

PHILADELPHIA (AP) — Glenn L. McComas, 25-year-old Pennsylvania Railroad baggageman of Lima, O., Wednesday received the railroad's hero medal for saving a child from death under the wheels of a passenger train.

Last April 27, McComas, working on the Lima station platform, saw 3-year-old Tommy Schoonovert playing on the railroad tracks. A Pennsylvania passenger express was approaching.

McComas, at risk of his own life, ran a distance of about two city blocks and scooped the child into his arms on the dead run. The express whizzed by seconds later.

Boost Coal Prices

CLEVELAND (AP)—North American Coal Corp. will increase the wholesale price of coal it mines in Ohio from 25-cents to 35 cents a ton on Wednesday. North American, the second largest producer in the state, said the hike reflected wage boosts to the United Mine Workers.

KILLED IN MISHAP

Diabetic Found Dead In Car On Route 45

John Mykowich, 39, of 6410 Laurel Canyon Blvd., North Hollywood, Calif. was discovered dead in his car by State Highway Patrolmen on Route 45, a mile south of the patrol barracks, at approximately 5:30 p.m. Wednesday.

Patrolmen were called to investigate the auto by a person at the Salem Harley-Davidson Motorcycle Shop, near where the car was parked.

They reported that the car, headed south, had pulled off the road and that the man apparently had been dead for several hours when his body was discovered. Brought to the Salem City Hospital, Mykowich was officially pronounced dead at 6 p.m.

County Coroner E. R. Sturgis ruled that the man died in a diabetic coma.

He stated that an insulin kit was opened on the seat beside the man and that he clutched a hypodermic needle in his hand when found, indicating that he had either taken or prepared to take a shot of insulin when he passed into the coma.

The body was brought to the Stark Memorial pending funeral arrangements.

CONTINUE RENT CONTROLS

CINCINNATI (AP) — Rent controls will be continued in Cincinnati. The City Council voted 5 to 3 Wednesday to keep the restrictions in effect.

Wetzel

Continued From Page One

bert A. Taft at a meeting in the same building but at the same time requested the press not to print that statement because he did not want the five thousand CIO steel mill workers that he had addressed the night before in Youngstown, to know that.

Wetzel denied Hays' assertions that he (Wetzel) favored tolls on the East Liverpool bridge. Wetzel recalled that as state representative he personally killed House Bill 197 in the highway committee.

Wetzel also challenged Hays' statement that he favored junking the United Nations.

"My opponent further stated that I was in favor of pulling United Nations troops out of Korea, and why any man, regardless of his status, should be opposed to bringing our boys home from Korea is beyond my fondest comprehension," Wetzel concluded.

"I have said, with reference to our boys in Korea, inasmuch as we are financing 95 percent of the cost, and we are furnishing 95 percent of the troops and material, thereby losing 95 percent of the casualties and we have been negotiating peace for 15 months, a shameful disgrace to our nation when we can not arrive at an honorable peace, and all during these negotiations our casualty lists keep mounting, I say that in conjunction with the above, we have no foreign policy. If we had, we would not be in Korea, and if we had, we could get our boys back from Korea."

Wingatee Arraignment Ordered For Monday

LISBON, O. (AP) — Tommie L. Wingatee, 44, will be arraigned Monday on a charge of selling stocks without a license. He was indicted by the Columbiana County grand jury Wednesday and was arrested Sept. 14, two days after his marriage to the former Mrs. La Rue Mooney of East Liverpool. Mrs. Minnie E. Gibbs said the Canfield, O., and San Francisco man had sold her $49,000 worth of Canadian gold mine stock.

BODY RECOVERED

CINCINNATI (AP) — The body of Dr. Paul E. Holland, 37, who fell from a cabin cruiser last Thursday, was found Wednesday in the Ohio River.

Coe, Porter Assist In Ike-Nixon Campaign

Sidney C. Porter of East Liverpool, chairman of the board of the Globe Brick Company, and R. E. Coe of Salem, vice president and chairman of the board of Electric Furnace Company, have been appointed co-chairmen of the Columbiana County Citizens for Eisenhower-Nixon, according to an announcement made by Robert A. Weaver, state chairman, and Allen J. Lowe, vice chairman for the North East Region of the independent Ike club program.

They will be in charge of organizing the independent voters of Columbiana County. interested in supporting Eisenhower for president.

In accepting the appointment, Porter and Coe issued a joint invitation enlisting the active support of people desirous of working for the election of Eisenhower. They hope that independent voters residing in Columbiana County will join energetically in the coming "crusade". "Assistance of volunteers is needed," said Porter.

TWO AUTOS COLLIDE

Cars operated by John L. Dinko of RD 1, Leetonia, and Anna Maye Eyster of RD 3, Salem, collided at 11:18 p.m. Wednesday at the intersection of Ohio Ave. and E. Pershing St., causing slight damage to the running board of the Eyster auto.

understood, a case which I felt it was my obligation to present to them, because it seems to me that candidates for the presidency and the vice presidency of the United States, as Gen. Eisenhower says, have got to be as clean as a hound's tooth."

There was much more. But in these few words the smiling Republicans hoped they had wrapped up satisfactorily one of the strangest cases in American political history — talk of the possible ouster of a vice presidential candidate from a national ticket.

The Democrats were not likely to consider the matter closed, however.

In hte highest Republican circles, there had been no doubt for days that Nixon would be retained on the ticket. That verdict was sealed when his national radio-television broadcast resulted in Western Union offices being swamped with telegrams in his behalf.

Nevertheless, Eisenhower maintained the technical position that he, alone, could not decide Nixon's fate. Thus he could not announce publicly that he was keeping his running mate at his side.

He could only say that the national committee, clothed with the final party power, had voted 107 to 0 to keep Nixon on. And Nixon was on, no mistaking that. Out of this whole situation developed a series of scenes as in a play.

Eisenhower saw Nixon's television broadcast. From Cleveland, the presidential nominee summoned his running mate to Wheeling, telling him in advance he was a courageous man.

Nixon flew about 1,700 miles from Missoula, Mont., to land on Wheeling's hilltop airport. Eisenhower, who had been waiting patiently in a car, strode up the plane ramp.

As the general walked into the big ship, he said:

"You're my boy" and the two men half embraced, both with tears in their eyes.

the traffic charge by Mayor Paul Sevenich of Leetonia.

Four vehicles were damaged in a chain-reaction mishap which occurred at 4 p.m. on Lake Park Blvd., just east of Alliance.

A car operated by James Judge, 30, of Alliance struck the rear of a car driven by Dellas Rosier, 42, of Sebring, pushing it into the rear of an auto operated by Alex Choma, 35, of Alliance. The Choma car then struck the rear of an auto, operated by Walter Simmons, 17, of Alliance, which was stopped on the highway.

Simmons was cited by patrolmen for parking on the highway and turned over to juvenile authorities.

Judge was arrested for failing to stop within the assured clear distance ahead and was fined $10 and costs by Mayor William Unger of Sebring.

A mishap involving three cars occurred at 8 p.m. on Route 7, a mile east of Wellsville.

A car driven by William E. Blackmore, 16, of Weirton, W. Va., struck the rear of a car operated by Lavada Burns, 33, of East Liverpool and then bounded into the side of an approaching auto operated by Earl Tice, 37, of Hammondsville.

Cars driven by Elmer Crutchley, 58, of Sebring and Marion Yaggi, 20, of Beloit sideswiped on the Johnson Rd., just south of the junction of the Johnson Rd. and Route 62, at 5 p.m.

4th In Family In 9 Days Dies Of Polio

MILWAUKEE, Wis (AP) — Polio has struck the Leo B. Linnemanstons family its fourth fatal blow in nine days.

Barbara, 13, died Tuesday night.

Ten days ago, the Linnemanstons parents took a drive in the country with the seven of their eight children who lived at home. They were looking forward to the time when their oldest, John, 20, a Marine, could rejoin them.

The next day, Sunday, 16-year-old Paul was hospitalized with bulbar polio. He died on Monday, the day his sister Lorraine, 4, became ill. Lorraine died Tuesday. Mary Ann was stricken on Thursday, the day of Paul and Lorraine's double funeral.

After Mary Ann died Saturday night, the grieving father said, "A person has to be afraid to wake up in the morning."

Sunday morning Barbara, 13, awakened with the headache and stiff neck which had announced bulbar polio three times before. She died 12 hours after Mary Ann's funeral this morning.

Damascus

Home Economics Club of Goshen Union High School was given a demonstration of table floral arrangements by Mrs. Rex Israel Monday.

World-wide Communion will be observed at the Damascus and Bunker Hill churches Oct. 5.

Miss Laura Hopkins, formerly of Salem, and her sister, Mrs. Frank Slack, formerly of New York City, both now of New Platz, N. Y., spent the weekend with Mrs. A. E. Bailey.

Rev. and Mrs. H. C. Phillips spent the week end with their son-in-law and daughter, Rev. and Mrs. Donald Hall at Ashtabula.

Women's Society of Christian Service of the Damascus Methodist Church will meet at the church Thursday afternoon, Oct. 2. Mrs. Ethel Cameron will be the leader.

A son born to Mr. and Mrs. Allen West Friday has been named Thomas Wilson.

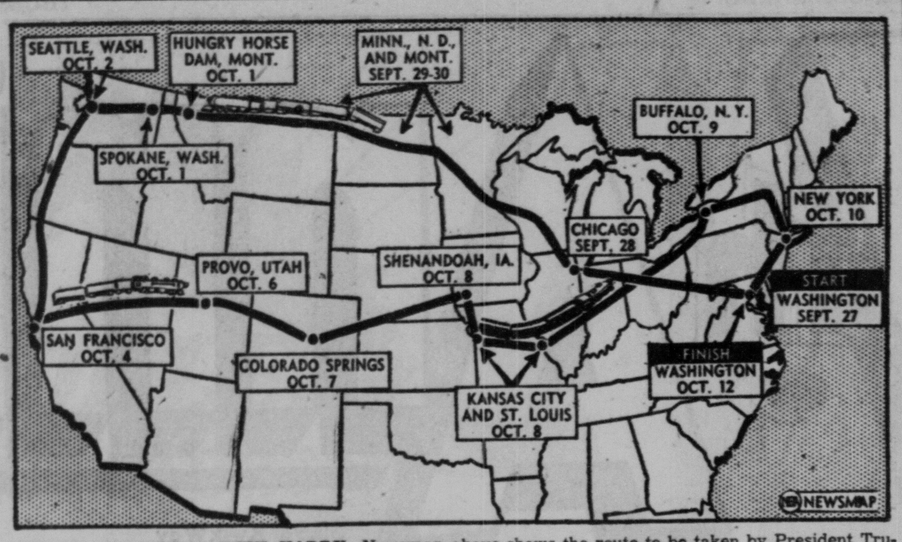
KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!



WHISTLE-STOPPING WITH HARRY—Newsmap above shows the route to be taken by President Truman's special train on a coast-to-coast "whistle stop" tour. The President will leave Washington Sept. 27 for the 24-state trip during which he will make a "give 'em hell" campaign urging election of the Democratic national slate.

Health To You

By EDWIN P. JORDAN, M. D.

Scarlet Fever Serious Disease

One of the serious childhood contagious diseases is scarlet fever.

In recent years, it has seemed to be on the downswing; that is, there have not been as many cases of the disease as there were in the past, and it has also been comparatively mild, but is still a serious condition.

Dr. Jordan

In 1942, for example, there were over 125,000 cases of the disease reported in the United States, and 425 deaths from this cause.

This germ which causes scarlet fever is a streptococcus. Scarlet fever is contagious; that is, it is spread from one person to another, especially during the early part of the disease. It attacks at any age, but is most common in children and partly for this reason is most frequent during the school year.

The disease develops from one to seven days after exposure. Generally, the symptoms come on suddenly with chilly sensations or real chills. Vomiting is common. Headache is also often present.

The fever develops rapidly and rises quickly to 104 or 105. The throat is usually sore, the tongue coated and a cough may be present. Flusing of the face is the rule.

The rash usually appears about the second day. It looks like scattered red points on the skin and is likely to appear first on the neck and chest, but spread rapidly to the entire skin.

In two or three days it fades. After the rash and fever have left, the skin looks dry and rough and gradually the outer skin begins to peel and shed. Sometimes it comes off in large flakes which can be peeled like an apple.

Strict isolation and quarantine is advisable. Quarantine ordinarily runs for six to eight weeks, though there is a tendency to shorten this period. Those who have a discharge from the ears of nose afterwards have to be quarantined for longer periods.

Many doctors recommend active immunization, that is, the use of injections of scarlet fever toxin aimed at building up a resistance. This is probably particularly desirable for nurses or others who are especially likely to be exposed.

The treatment is aimed at the relief of symptoms, the shortening of the disease and the prevention of complications.

Among the complications are Bright's disease, or nephritis, swollen glands, arthritis, bronchitis or bronchopneumonia, and infections of the ear.

Antitoxims or serums obtained from convalescent patients have been used with good results, but today penicillin or one of the sulfas seem to give the best results.

One attack of scarlet fever usually gives immunity for life, though second and even third attacks have been reported.

Eat Efficient Breakfast

Factory laborers too often cut down their efficiency by eating poor breakfasts or no breadkfasts. A nation-wide survey just made by Elmo Roper shows that the poorest breakfast habits in the country are among this working group. Factory men, the survey shows, eat their breakfast more hurriedly than women. Most of them dash through breakfast at breakneck speed.

Scientists at one eastern university studied and work production records of a group of factory workers who were paid on a piece basis. Some workers were found to be much more efficient than others; their work production was much higher.

The research scientists then took a look at the meal pattern habits of the group and found that some members habitually ate no breakfast. Further study showed that these were the ones who had the low work output records.

When these workers changed from "no breakfast" to breakfast, their output increased.

Also studies conducted a a prominent medical college prove that both men and women are able to turn out more work when they have a good breakfast.

Government nutritionists say we should get about a third of the day's protein at breakfast. A fruit, cereal, milk, bread and butter breakfast supplies this amount, giving protein of top quality, adequate to meet all body requirements.

Here's a good breakfast menu; A glass of blended citrus juices, oatmeal topped with cinnamon apple slices. (Make the apple slices like this: Make a syrup of ¼ cup sugar, ½ cup red cinnamon drops and 1 cup water. Add thin slices of unpeeled apple and cook until tender. Serve either hot or cold), honey cereal kuchen, butter or margarine, milk, coffee.

Honey Kuchen

Topping:

½ cup brown sugar
½ teaspoon cinnamon
¼ teaspoon nutmeg
2 tablespoons melted butter or margarine
½ cup bran flakes or whole wheat flakes.

Mix together brown sugar, Set aside for use on top of batter.

Kuchen:

¾ cup sifted all-purpose flour
2½ teaspoons baking powder
¼ teaspoon salt
½ cup milk
¼ cup honey
1 egg, well beaten
3 tablespoons melted fat
1½ cups bran flakes or whole wheat flakes

Sift together flour, baking powder and salt. Combine milk, honey and egg and add to flour mixture. Add fat, mixing only enough to combine. Fold in cereal flakes. Pour into greased pan 8x8x2 inches. Sprinkle topping over batter. Bake in moderately hot oven (400 degrees F.) 25 minutes or until done. Makes 1 square Kuchen.

Liederkranz Is Ohio Cheese

VAN WERT, O. —All the Liederkranz cheese in the world is made in this town. The world's largest cheese factory is in this city. Besides Liederkranz they make Camembert, cream and cheese spreads.

Liederkranz on dark bread is about perfect. Two favorite "heman" recipes are:

Hot Liderkranz Spread

½ cup evaporated milk
½ cup water
1 cup dry, fine bread crumbs
1 tablespoon butter
1 4-ounce package Liederkranz cheese
1 egg, slightly beaten
½ teaspoon salt
Few grains cayene pepper

Combine evaporated milk and water; stir in bread crumbs, salt and cayenne papper. Put butter over boiling water. Cut Liederkranz into small pieces; add to butter, stirring until Liederkranz is melted. Stir in milk mixture gradually, keeping mixture smooth.

Cook 2 minutes. Add a little of the hot mixture to the egg, while stirring; return to remaining cheese mixture, while stirring. Cook 1 minute. Remove from heat and serve hot on toasted crackers.

Tomato-Liederkranz Rabbit.

Two-thirds cup (6-ounce can) tomato puree
One-third cup evaporated milk
1 four-ounce package Liederkranz cheese
Plain crackers or toast squares.

Blend together tomato puree and evaporated milk in top of double boiler. Place over boiling water, stirring often, until heated. Cut Liederkranz into slices about ¼-inch thick; add to tomato mixture and continue heating, stirring constantly, until Kiederkranz is melted and blended into the mixture.

Remove from heat at once. Serve hot on toast squares or plain crackers.

Liederkranz Stuffed Onion

6 large whole onions, peeled
1 4-ounce Liederkranz cheese, chilled
2 cups bread cubes
One-third cup finely chopped green pepper
¼ cup butter, melted
1 10½-ounce can condense tomato soup

Cook whole onions in boiling salted water until tender, about 15 minutes. Drain. Remove centers, leaving enough to form a cup. Cut chilled cheese into cubes; add to bread cubes and green pepper. Blend togehter and stir in butter.

Fill onion cups with chese mixture. Place onions in baking dish with ¼ inch water. Bake in moderate over (350 degrees F.) until filling is golden brown, about 15 minutes. Mince reserved onion centers and add to tomato soup; heat through. Serve over the hot onions. Six servings.

HOME DRESSED DRY FED MEATS — ALWAYS —

Do you remember how good grandmother's home-cured hams and bacon used to taste? We are curing hams and bacon the old-fashioned way. After they are cured, then we smoke them the old way by smoking with apple wood and hickory sawdust. Our hams have a flavor that makes you think of the farm and days of long ago. Our hams are fully skinned and well trimmed so you have no waste. Try one of our hams and a pound of our bacon, you will be pleased and see what you have been missing.

Plan Breakfast For Youngsters

Let's face it. Too many school-age youngsters are not eating enough breakfast. Now is the time to attack this serious problem.

America's No. 1 official homemaker, Dr. Hazel K. Stiebeling, chief of the Bureau of Human Nutrition and Home Economics, United States Department of Agriculture says : "In places where many children come to school hungry each morning, a school breakfast may be more useful than a special lunch at noon."

The first days of school are the time to set the pace for the rest of the year. Stick to the practice of a regular time for rising, for eating breakfast, dressing and doing the other things that belong on the morning schedule. A good breakfast is a big "must" in that schedule.

Nutritionists of the Department of Agriculture warn that, "Children who go with little or no breakfast are likely to be undernourished because they cannot take a large enough quantity of food at the other two meals to supply their daily needs."

The forgotten or hasty breakfast and the skimpy lunch may be responsible for Junior's drowsiness and low grades at school, Jane's poor appetite and loss of weight, father's morning temper, mother's overweight, and even grandma's edginess or "hurt feelings."

Here are some easy back-to-school breakfast menus for your family's Better-Breakfast Month. They will pay dividends in more health and improved school work:

1—Honey baked pear, crisp corn puffs, milk, whole wheat toast, butter or margarine, coffee.

2—Tomato juice, ready-to-eat oat cereal with spiced milk, coffeecake squares, butter or margarine, cocoa, coffee.

3—Shredded rice, ringed around a baked apple, corn muffins butter or margarine, milk, coffee.

4—Grapefruit juice, raisin-spiced oatmeal (for 4 servings, stir 1 teaspoon cinnamon, ¼ teaspoon nutmeg, and ½ cup raisins in the boiling salted water before adding rolled oats), buttered toast, plum preserves, milk, coffee.

5—Grape cluster, shredded wheat milk, baker's sweet roll, butter or margarine, coffee.

6—Fresh-frozen orange juice, farina with bran flakes, toasted English muffin, butter or margarine, milk, coffee.

Anna Marie Glassburn is ill at her home in Damascus.

Mr. and Mrs. L. H. Glass will leave Friday for Florida where they plan to spend a few days with a brother and sister-in-law of Mr. Glass.

USE BASIL, GARLIC

Want to make cole slaw or potato salad especially delicious? Then use basil or garlic vinegar in your dressing for the salad.

It's best to buy only a week's supply of oranges and grapefruit at a time and to store them in the refrigerator.

Form Breakfast Habit

A nation-wide study reveals that over 90 per cent of breakfasts are eaten at home—more than any other meal. But other reliable surveys tell the unhappy story of too many of us eating an insufficient breakfast, or, in many cases, none at all.

Appetites perk up when the family eats breakfast together. So if school and work schedules permit, gather around the breakfast table together. Then the job of setting the pace for good breakfast eating is up to the parents.

The majority of poor breakfast habits of adolescents and adults can be traced directly to those formed in early childhood. Many nutritionists say that forming the habit of eating a good breakfast during the early years is more important for a child than learning the habit of washing his face, brushing his teeth, and tying his own shoe laces.

Good breakfast habits are really good living habits that pay off in health and stability. The conscientious homemaker's responsibility is not only to serve an attractive and good-to-eat breakfast seven days a week, but also as the hostess at table, to maintain a pleasant atmosphere.

Breakfast is not only the time for refueling the body, but also a time for an emotional refueling when the whole family gathers together.

Here are some main-dish ideas for breakfast that will appeal to the whole family:

Oatmeal Casserole: Place 2 cups rolled oats, uncooked, and 1 teaspoon salt in a 1½-quart baking dish. Pour 2 cups milk and 2 cups water over oats. Cover and bake in a moderate over (350 degrees F.) 20 to 25 minutes. Top with ½ cup brown sugar and ½ cup coconut; place in broiler a few minutes to toast. Serves 4 to 6.

Apple Treat: After 4 servings of hot cereal, either oatmeal, farina, or whole wheat cereal, have thickened, add 1½ cups chopped peeled apples and a dash of nutmeg. Cover and turn heat down very low. Cook about 20 minutes, stirring occasionally. Serve with milk and sugar.

SAVORY FRIED CHICKEN

1 3 to 3½ pound frying chicken
⅔ cup flour
1½ teaspoons salt
freshly-ground pepper (to taste)
1 teaspoon paprika
⅓ teaspoon monosodium glutamate
½ teaspoon dry mustard
½ cup butter or margarine

Have butcher cut chicken breast, wings, legs, and second joints so that you have 8 pieces; make stock for gravy out of giblets, wing tips, neck, and bony part of back. Shake flour, salt, pepper paprika, monosodium glutamate, and dry mustard together in heavy paper bag; add chicken pieces and shake to coat thoroughly

Melt butter of margarine in 12-inch skillet over moderate heat; add chicken pieces and brown well. Cover tightly and cook until tender over low heat. Remove chicken and make gravy from drippings in pan. Makes 4 to 5 servings.

If chicken sticks after it is covered add a few tablespoons of stock to skillet.

TANGY LUNCHEON DISH

For a delicious luncheon dish top slices of buttered toast with thick tomato slices and a cheese sauce. Season the sauce with enough Worshestershire to give it a tang.

BANANA-NUT BREAD

2 cups sifted flour
½ teaspoon baking powder
½ teaspoon baking soda
¾ teaspoon salt
¼ cup butter or margarine
¾ cup sugar
1 egg
⅔ cup (about 2 medium-size) mashed bananas
2 tablespoons buttermilk
½ cup broken walnut meats

Sift together flour, baking powder, baking soda, and salt. Cream butter and sugar; beat in egg well. Stir in bananas and buttermilk. Add sifted dry ingredients and walnuts, stir only until moistened; do not beat. Turn into greased loaf pan (8½x4½x3 inches) and bake in moderate (350F.) oven 1 hour. Turn out on cake rack to cool. Store in tightly covered container overnight before slicing.

CABBAGE—HAM CASSEROLE

Combine cooked shredded cabbage, diced ham, and cream sauce for a main-dish casserole for lunch or supper.

BACON FAT

Use bacon fat in griddle cakes or waffles; utilitze it also, when you are frying chicken.

NPA ADMINISTRATOR—Richard A. McDonald (above), San Francisco industrialist, was named administrator of the National Production Authority. He succeeds Henry H. Fowler who is now defense mobilizer.

Want to make different-tasting corn sticks? Add a half cup of drained crushed pineapple to the batter (made from a cornmeal muffin mix), before baking.

SOGGY CAKE CAUSES

If your cake has a soggy layer of steak at the bottom it may be due to undermixing, not enough leavening, too much liquid, or an oven that is not hot enough.

FOR SANDWICH TRAYS

Sandwich trays look pretty when they are garnished with radish roses, small wedges of stuffed celery, stuffed prunes, pickles, or carrot curls.

FOR GOOD COFFEE

Be sure to wash your coffeemaker with soap and water after every using.

CEREAL VARIATIONS

Small fry often enjoy raisins added to their cereal; they like brown sugar on the cereal sometimes, too, as a change from white.

Good to serve with a cheese souffle: potato chips, a cooked green vegetable, and a salad of tomato aspic.

Molasses Cookies Good Anytime

Crisp molasses cookies are welcome in any home every season of the year. Versatile, delicious, they're ideal to serve as snacks, as an accompaniment to fresh fruit, milk or gelatin desserts, and in addition, they come in mighty handy for making a delicious dessert that your family will love—molasses cooky refrigerator cake.

This dessert is especially popular. Make it in the morning and chill until the evening meal.

Crisp Molasses Cookies

4 cups sifted enriched flour
1 teaspoon soda
½ teaspoon salt
1 teaspoon nutmeg
1 tablespoon ginger
1 cup butter or margarine
1 cup sugar
1 cup unsulphured molasses

Sift together first five ingredients. Melt butter or margarine in a saucepan large enough for mixing cookies. Add sugar and molasses; mix well. Gradually stir in flour mixture. (Chill dough about 20 minutes if it is too soft to handle).

Shape into 1-inch balls; place on greased cooky sheets and flatten to ⅛-inch thick by stamping with glass covered with metal foil or wet cloth. Bake 10 minutes or until edges have lightly browned in a moderate oven (325 F.). Yields about 8 dozen 3-inch cookies.

Molasses Cooky Refrigerator Cake

1 cup heavy cream
1 tablespoon sugar or unsulphured molasses
1 teaspoon vanilla
Crisp molasses cookies
Nutmeg or candied fruit

Whip cream until almost stiff. Add sugar or molasses and vanilla; continue beating until stiff. Arrange alternate layers of crisp molasses cookies and whipped cream on a dessert plate using 5 to 6 cookies for each serving; cover top and sides with the cream. Garnish each cake with a dash of nutmeg or candied fruit. Chill 3 to 4 hours before serving. Yields 6 servings.

Quick Waffle Tricks

Quick tricks with waffles are popular news. Made with a pancake ready-mix crisp and delicious they offer endless variety with cheese, bits of bacon and ham, nuts and chocolate. Shaved semi-sweet chocolate in this batter makes a perfect dessert waffle when served with ice cream and fruit.

Quick Waffles

Two cups pancake ready-mix, 2 cups milk, 1-3 cup melted butter, fat or oil, 2 eggs.

Place all ingredients in a medium-sized mixing bowl. Beat with a rotary egg beater until batter is fairly smooth. Pour batter onto a hot waffle iron. Bake until iron stops steaming.

Waffles are always good with butter and syrup, but they are also excellent supper or luncheon dishes with creamed chicken, eggs or vegetables. For porch or patio suppers build your menu around crisp corn meal waffles, top with creamed chicken and let outdoor appetites take care of the rest.

A fruit dessert or fresh strawberries and pineapple with iced tea to drink complete this summer meal designed for simple enjoyment on porch or terrace. Gives five servings.

Corn Meal Waffles With Chicken a la King

Corn Meal Waffles: One and one-half cups pancake ready-mix, ½ cup enriched corn meal, 1⅝ cups milk, 1-3 cup melted butter, fat or oil, 2 eggs.

Place all ingredients in medium-sized bowl. Beat with rotary egg beater until batter is fairly smooth. Do not overbeat. Bake in hot waffle iron.

Chicken a la King: One-fourth cup butter, 3 tablespoons flour, 2 cups milk, dash of salt, pepper, 1 cup chopped cooked chicken (about one 5½ ounce can), 1 cup frozen peas, cooked.

For the chicken a la king, melt butter; add flour and blend. Add milk and seasonings and cook until thick, stirring constantly. Continue cooking about 10 minutes, stirring frequently. Add diced cooked chicken and peas and serve over waffles. Garnish with strips of pimiento. Gives five servings.

Waffles And Rabbit Sauce Unusual

Here's a dish which lifts the waffles out of the strictly-for-breakfast category—bran waffles supreme served with mock rabbit sauce. The wholesome nutty-like tasting all-bran in the waffles combined with the mellow, slightly spicy flavor of the rabbit sauce makes a delicious blend of flavors.

This dish is sure to please the manly tastes in your family. It's perfect for those late weekend snacks, or impromptu Sunday night dinners that you all enjoy so much.

BRAN WAFFLES SUPREME

3 eggs, separated
1½ cup milk
⅔ cup ready-to-eat bran
1½ cups sifted flour
1 teaspoon baking powder
1 teaspoon salt
2 tablespoons sugar
½ cup melted shortening

Beat egg yolks well; add milk and bran; let soak until most of moisture is taken up. Sift flour with baking powder, salt and sugar; add to bran mixture and stir only until combined. Add shortening. Fold in stiffly beaten egg whites. Bake in hot waffle iron until no steam is visible. Yields 8 waffles 6½ inches in diameter).

RABBIT Sauce: Melt 2 tablespoons butter and blend in 2 teaspoons flour. Add 1 cup milk gradually, stirring constantly, and cook until thickened (about 2 minutes). Add 1 lb. American process cheese which has been cut in small cubes, and stir until melted. Add 1 teaspoon salt, few grains cayenne, 1 teaspoon dry mustard and 2 teaspoons Worcestershire sauce. Serve on bran waffles supreme. Makes 8 servings.

PULLING IN THE VOTES—Newschart above shows the popular vote for the two major political parties since 1920. The Democrats were second best until Franklin Roosevelt was elected in 1932. During the 1936 election, the Democrats established an all-time record in vote-getting with more than 27 million votes. The maximum vote for the Republican candidate to date is 22 million votes for Wendell Willkie in 1940. In the past two elections the GOP has narrowed the gap, but not enough to oust the Democrats from the White House.

Columbiana

Hays To Speak At Dems' Rally

Council Contracts For Street Work

COLUMBIANA — Columbiana County Democrats will hold their kickoff dinner at the church in Newgarden, Thursday evening, Oct. 2, when Congressman Wayne L. Hays, up for re-election from the 18th district, and candidates for state and county offices will be heard.

A chicken dinner will be served at 6:30, for which reservations may be made with Attorney Guy Mauro of Salem. County Chairman Don R. Gosney of Columbiana will be toastmaster. The public is invited.

Guests will include, in addition to Congressman Hays, State Senator Arthur Blake, Probate Judge Louis Tobin, and County Treasurer Vincent C. Judge. Other honored guests will be these county candidates: James C. Gruber, for state representative; Erwood L. Calvin and C. C. Leatherberry, for county commissioner, two to elect; former Sheriff Harry Gosney, for re-election; Elmer Gotthardt, for county recorder, and R. Max Gard, for clerk of courts, who will review his recent book on the Sandy & Beaver Canal.

Besides defeating a resolution to extend rent control until next April 30, Village Council, at an adjourned meeting Tuesday evening, awarded MacCartney & Sampsell of Youngstown a contract for resurfacing with a double seal coat several streets and alleys and for surfacing Stanton Ave. and short sections of Pittsburgh and E. Railroad Sts. There were two bids, the Ohio Tar & Asphalt Co. of Canton having been the other bidder.

—:—

THE BID OF the MacCartney company was 32 cents per square yard for the 8,315 square yards involved, amounting to $2,660.80, and of the Ohio Tar & Asphalt Co. 50 cents per square yard, amounting to $4,157.50

Streets and alleys to be resurfaced are: Court St. from Herbster St. north; Herbster St. from N. Main St. to Firestone Park Dr.; east-west alley between Citizens Bank and Rupert's Bakery from S. Main St. to S. Elm St., and the north-south alley from the east-west alley to Pittsburgh St.

Streets to be surfaced are: Stanton Ave. from N. Main St. to the west corporation line; Pittsburgh St. from the Pennsylvania Railroad to Quincy Ave., and E. Railroad St. from Pittsburgh St. to the east line of the Columbiana Pump Co.'s property.

A short unpaved gap from the Y. & S. Railway east will remain on both Pittsburgh and E. Railroad Sts. A slight price adjustment may be necessary on the last three streets named because they do not now have hard surfaces, although they have the foundations. The contractor will begin work at once to complete it before the leaves fall.

—:—

B. RUSSELL Franklin, chief sanitary engineer of Columbiana county, was the speaker at the September meeting of the Columbiana Business & Professional Women's Club at the Christian Church Tuesday evening. He stressed the importance of sanitation and dwelt especially on rural problems along that line, which are not present in Columbiana, where sanitary facilities are modern. About 50 members were present for the dinner. After the meeting, members of the cast practiced for the play, "Shubert's Alley," which the club is to present in the High School auditorium at 8 p.m. Saturday, Oct. 11. Tickets may be obtained from members of the club.

Representatives of the general contractor from Cleveland and of the eletrical contractor from Wellsville were in town the first of the week preparing for a resumption of work on the new Manos theater.

With 205 members signed up, Firestone American legion Post has passed its quota of 195, but it will continue its membership drive until Armistice day.

A proposal to incorporate will be considered by the Chamber of Commerce at a meeting in the High School building at 8:30 p.m. today.

Columbiana Lodge, K. of P., will arrange at its meeting this evening to be represented at Grand Lodge, which opened today in the Sheraton-Gibson Hotel, Cincinnati, and will continue through Sunday. Either Columbiana County Deputy H. D. Kurtz or Jesse Terrence, alternate, will attend.

Friendship Class will observe guest night at the Methodist church at 8 tonight, when Mrs. Raymond Kulow of Hubbard will speak on "The Bible as a Woman's Book."

Charles F. Wagner, Jr. of Columbiana is on the honor roll at Ohio State University's College of Commerce and Administration.

Leader Of GI Bill Given GOP Vet Post

WASHINGTON (AP) — Harry W. Colmery of Topeka, Kan., who was instrumental in congressional enactment of the GI Bill of Rights, today was appointed campaign director of the Republican presidential drive's Veterans Division.

Colmery, a fighter pilot in World War I, was active in the formation years of the American Legion, later serving as national commander in 1936-37.

Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.
